FIVE CENTS

'SPECIAL SESSION' INEVITABLE

Robbery Solved, Escapee Nabbed, Loot Recovered and Suspect Identified

The Lincoln Police Station was a beehive of activity Tuesday with the main action centering around the capture of two men who admitted holding up the Ring Auto Court Tuesday morning and the recovery of weapons stolen from the National Guard Armory and a local lumber yard. In the first photo, Wilfred D. Clinch (left), who police say has admitted taking part in the robberies, is questioned by County Sheriff Merle Karnopp. Ronald Wandra (inset) has also admitted the robberies, police say. The second picture shows Asst. Chief of Police Masters (left) and Chief Carroll examining the small arsenal of weapons recovered from Wandra's apartment. In the third photo, Mrs. C. O. Ring points to a picture of a man she identified as one of the pair that trussed her and her husband up and robbed them of \$125. At the right, Mr.

Legislation Needed To Save Federal Highway Money

New Attorney General Ruling Adds Further Confusion To Road Muddle

By ARCH DONOVAN
Star Staff Writer

Belief that a special session of the Legislature is inevitable spread over the statehouse Tuesday in the wake of an opinion by the attorney general that major fees collected for highway improvement cannot be expended for maintenance of roads not designated as part of the state highway system by the Legislature.

Sen. W. J. Williams of Kearney said that he had talked to about a half dozen other senators and that all were of the opinion a special session could not be avoided.

Grade A, C Milk Battle Is Waged

Health Board Hears Dairies, Producers

The City-County Health board Tuesday night heard spokesmen of Lincoln dairies and the Nebraska-Iowa Milk Producers Association battle over a proposed amendment to the present milk ordinance to bar Grade C milk from Grade A milk bottling plants.

After the conflicting issues were aired, the board tabled the proposal, leaving any action for a subsequent meeting.

Appearing for the amendment to bar Grade C milk from Grade A bottling plants were Robert Dairy, Beatrice Foods and the producers association. Against were Fairmont Dairy and Lincoln Dairy and Ice Cream Co.

'Omaha Control'

Board Member Russell Brehm asked "what is going to happen to the ungraded milk producers if the proposal is passed?" and charged that "if we pass the amendment, within two years there will be two guys sitting in Omaha controlling all the milk coming into Lincoln."

Board Member John Spray, who is local Beatrice Foods manager, said he believed the proposal would benefit the quality of products and increase consumption.

Dr. Horace Munger, chairman of the board, questioned a statement by James Doyle of the producers association that the question was one of health. "Mr. Doyle can't substantiate the theory that Grade C milk isn't safe," the doctor said, adding, "I don't think it is a public health problem."

Clyde Underwood, of Fairmont Dairy, declared the proposal was being camouflaged as a public health measure but its real effect was to legislate a competitive advantage which the other dairies do not now have.

Doyle, for the producers, argued that a surplus of milk made the change in the ordinance necessary in order to prove to other cities purchasing the surplus milk that their purchases are of Grade A quality.

Union And LT&T Gap Narrowed

Company Offer, Goal Of Workers, Nearer

A company proposal of an average 5 cent an hour increase Tuesday narrowed substantially the gap between union negotiators and the Lincoln Telephone and Telegraph Company in their new wage contract negotiations.

The offer upgraded last week's company proposal of an average 3 1/2 increase which was met by the union's drop from its original 10 1/2 cent demand to one of 8 1/2 cents. At the close of Tuesday's conference the company and the union were but 2 1/2 cents apart.

The company originally proposed no wage increases this year. The negotiations resulted in a break-off, with union bargainers declaring no contract.

Subsequently upward of 1,000 union employees in the company's 22 county field gave a strike endorsement by more than an 80 per cent majority.

James West, union bargaining chairman, said the union would resume talks this morning at 10 a.m. at which time it would submit a new wage proposal.

40 Lutheran Leaders Plan 1954 Program

Some 40 church leaders from a seven-state area met Tuesday during the first day of a two-day meeting to plan Lutheran Church work for 1954 in the Central District of the American Lutheran Church.

The executive committee of the Central District, comprised of Nebraska, Kansas, Oklahoma, Colorado, western Missouri, western Iowa and southern South Dakota, will be held at Bird City, Kansas, April 23-27, 1954.

Tuesday morning the president of the central district, the Rev. Dr. E. G. Fritschel of Denver, Colo., emphasized the church's responsibility to meet the problems of the day and pointed out the various avenues for effective service.

All committee chairmen reported on plans and projects for the coming year at a joint dinner Tuesday evening. The highlight of the evening was an address by the Rev. Dr. Fritschel in which he gave his impressions of Europe, gained during a survey from which he just returned.

Gov. Robert Crosby refused to comment on the opinion and its import until he has had time to study it and determine "what I can do by administrative processes first." He termed the opinion "critically important" as it could affect maintenance of highways including removal of winter snows. The governor said that he could not deny that a special session may be necessary.

"I do not want to exaggerate the situation," the governor said, pointing out that only 20 per cent of the generally considered system is affected. "However, it is an important 20 per cent," he continued.

The opinion written by Ralph D. Nelson, assistant attorney general, says authority exists for maintenance of non-statutory highways "when actual physical construction costs are paid for either in whole or in part with state funds under the exclusive direction of the Department of Roads and Irrigation."

"But" the opinion continued, "expenditures for such purposes cannot be made from gasoline and use fuel tax funds or from motor vehicle registration fees and equalization fees." The only other funds appropriated the department are inter-county bus license fees and towing permit fees.

Protests Raised

The opinion called for by Gov. Crosby was in connection with Highway No. 35 between Wayne and Wakefield where protests were raised when a relocation was planned. The opinion would make illegal expenditures for maintenance of this road as well as nearly 2,000 miles of other highways including part of U. S. 20 and No. 2 east of Lincoln.

The counties might maintain the sections of road involved in the new opinion, Attorney General C. S. Beck pointed out.

Beck said his office is working as rapidly as possible on opinions on five other questions posed by the Governor. The Governor saw a possibility of answers to some of the highway problems when these opinions are delivered.

It was estimated in the highway department that income that could be used for maintenance of roads not designated by statutes would be \$88,000. Yearly maintenance costs average about \$1,800,000.

Piecemeal Changes

The present highway laws have their source in the 1919 Legislature when counties were given maintenance responsibility. In 1925 the work was turned over to the state. Piecemeal changes have been made since that time, and Nelson found "some lack of correlation among the statutes concerning highways and powers of the department."

Road laws dealing with counties are considered to be in the same "muddle" those for state highways. Legislative committees have been told by county boards that they could not and do not function in complete conformity with present laws.

The Weather

NEBRASKA: Cloudy Wednesday and Wednesday night with snow west and rain east. High Wednesday 20s northwest to 40s southeast. Low Wednesday 10s northwest to 20s southeast. High Thursday 20s northwest to 40s southeast. Low Thursday 10s northwest to 20s southeast. Total December precipitation to date, 17.23 inches.

'Curtain Rollback A Must'

Dulles Gives U.S. Position

By JOHN M. HIGHTOWER
WASHINGTON (AP) — Secretary of State Dulles declared Tuesday the success of any Big Four conference will depend on Moscow's willingness to permit "any fresh breath of freedom" behind the Iron Curtain.

The United States is anxious to have a foreign ministers meeting with the Soviet government to take up the specific questions of Germany and Austria, Dulles told a news conference, but this government doesn't know how the Russians will respond to the "one real issue."

"The issue involved is: Are the Soviets willing to have any fresh breath of freedom touch any part of the area now behind the Iron Curtain?" Dulles went on. "If they say 'no,' then I don't see the chance of our getting anywhere. If they are willing to take the risk of that, then I can see the possibility of an agreement."

The Soviet occupation zones of Germany and Austria are behind the Iron Curtain, Dulles comments made it manifest that United States policy in a proposed meeting would be to press back the Iron Curtain beyond German and Austrian territory.

Not Much Chance
Since officials here do not believe the Soviets are ready to retreat in this matter, the chances for success of a Big Four meeting on the terms laid down by Dulles are not rated very high.

Dulles answered a series of questions from reporters about the proposed East-West conference and the Bermuda meeting opening next Friday. He declined to say anything about U. S. policy at Bermuda on the ground that the conference would be one of the chiefs of government — President Eisenhower, Prime Minister Churchill and Premier Laniel.

In Bonn, the capital of West Germany, German officials said Tuesday the main aim of the Big Three at Bermuda must be to fix a common policy with which to face the Russians.

Dulles said he thought one problem which would come up at Bermuda would be French interest in obtaining guarantees of the continued presence of American troops in Europe for years to come.

New Air National Guard Facilities Included In Release Of \$6.5 Million

New facilities for the Air National Guard are included in the approximate \$6.5 million just released by the House Appropriations Committee for work at the Lincoln Air Force Base.

According to Brig. Gen. Guy N. Henninger, of the National Guard, the relocation of Air Guard facilities at the base will involve "several million dollars." New hangar, administrative and other operational facilities, he said, will be provided at the southeast corner of the field on the east side of the main north-south runway.

The Air Guard facilities are now located at the north end of the air strip. National Guard ground operations, said Gen. Henninger, will probably remain in their present quarters at the north end of the field.

The \$6.5 million release of funds provided for the acquisition of some 60 additional acres of land at the base. Some of this land, said Gen. Henninger, is probably for the Air Guard relocation.

Other projects included in the \$6.5 million are a 50-bed infirmary, assorted utility items, mess hall, training building, academic building, operations building, control tower, fire station, additional operational aprons, communications facilities and an addition to a flight material storage building.

The funds released had already been appropriated by Congress and must still be released by the Senate Appropriations Committee. The Senate release has been described as routine.

Hanging Of The Greens At Ellen Smith

These three University of Nebraska coeds are pictured on the balcony of Ellen Smith Hall at the university as they participate in the traditional YWCA "hanging of the greens." Left to right are Marge DeLamatre, Joyce Laase and Kay Burcum. (Star Photo.)

News Around The Globe

Churchill Nears Bermuda

LONDON (AP) — Prime Minister Sir Winston Churchill took off for Bermuda late Tuesday night on a mission aimed to sell President Eisenhower and French Premier Joseph Laniel the idea that Russia might agree to a live and let live policy for East and West.

Churchill's party, including Foreign Secretary Anthony Eden and his top atomic policy expert, Lord Cherwell, were flying in a special American-built BOAC Strato-Cruiser.

Informants said these will be among Churchill's aims when the Western Big Three open the Bermuda talks Friday.

Churchill intends to suggest they offer to the Kremlin a system of mutual security pacts aimed at relaxing East-West tensions. This would be put up to the Russians at a Big Four foreign ministers conference.

Kremlin Attacked Pakistan Queried

UNITED NATIONS, N. Y. (INS) — Gov. James F. Byrnes attacked Russia in the U. N. Tuesday for refusing to return "hundreds of thousands" of captured German, Italian and Japanese World War II prisoners.

The South Carolina Governor and American U. N. delegate declared in the 60-nation Social Committee that eight years after the war's end masses of prisoners still are missing behind the Iron Curtain, where they are believed either dead or in Soviet slave camps.

Parley Blocked

PANMUNJOM (Wednesday) (AP) — Communist insistence that Russia was a neutral in the Korean War today blocked agreement on arrangements for a Korean peace conference.

The issue of Russia's role was the major one faced by diplomats meeting after a one-day recess.

During the recess the latest Red plan was relayed to the 17 nations represented by U. S. Envoy Arthur Dean. Dean himself declared the Communist proposal nothing new.

Reds Challenged

UNITED NATIONS, N. Y. (INS) — The United States challenged Russia Tuesday to a U. N. probe of 33,000 Red atrocities in Korea as free world diplomats blasted Andrei Vishinsky for labeling the American charges "a pack of lies."

Adams Installed As Cooties Head

Art Adams was installed as commander of Chuck Hole Pup Tent No. 4, Military Order of the Cootie, Tuesday night. He replaces Bruce Gould as head of the VFW group.

Other officers installed: Curt Kadlick, senior vice commander; Earl Cook, junior vice commander; Robert S. Lentz, adjutant; Charles P. Dineen, quartermaster; George Lehl, provost marshal; Charles Spalding, chaplain; Leonard Owen, judge advocate; Frank Short, historian; Chester Ringham, surgeon; Kenneth Leland, Wayne Daugherty, Warren Rader, trustees.

State commander Floyd Bishop was installing officer.

Wheeler Balks At Quizzing

SAN FRANCISCO (AP) — Donald N. Wheeler, named by FBI Director J. Edgar Hoover last month as having been associated with the late Harry Dexter Soviet spy ring, Tuesday refused on constitutional grounds to tell the House Un-American Activities Committee of his background.

"I refuse to be a witness against myself," Wheeler declared when he was directed to describe his employment starting in 1938.

Later, in answer to a special question, he testified he had been an instructor at Yale University in 1938 and 1939. He had earlier told of graduating from Woodland High School in Washington state, attending Reed College in Portland, Ore., in 1935, Oxford University in 1936 and 1937 and the University of Paris in 1938.

Testifying before the Senate Internal Security Subcommittee Nov. 27, in Washington, Hoover read from a letter he had written to Maj. Gen. Harry L. Vaughan, aid to President Truman, saying the FBI had evidence Wheeler was one of several persons engaged in or "used for the purpose of obtaining data for the Soviet."

Dr. F. O. Lundberg To Address State Veterinary Meet

One of the highlights of the Wednesday morning session of the Nebraska State Veterinary Medical Association convention in the Cornhusker Hotel will be an address by Dr. F. O. Lundberg, president of the organization.

The afternoon session will feature an election of officers and several addresses by veterinary authorities. Gov. Robert Crosby will address the annual banquet Wednesday evening.

Tuesday's meeting included the presentation of 10 reports. Among the reports presented were ones by Dr. J. L. George of Lincoln, state veterinarian; Dr. Rex W. Emery of Gering; and Dr. E. W. Peck of Auburn.

Mrs. Helen Grady Services Thursday

Services for Mrs. Helen L. Grady, 74, Cretna, will be at 1 p.m. Thursday at Helmsdorfer. The Rev. Harold Sandall will officiate.

Mrs. Grady died Monday at a local hospital. She was born in Granite Falls, Mont.

Surviving are a son, Glenn of Omaha; a daughter, Mrs. Eva Henson of San Diego, Calif.; one grandson and one granddaughter.

Graveside services will be at 3 p.m. Thursday at the LaBorde Cemetery in Gretna.

Lancaster Lodge 19 Elects Burrell R. Dunn

Burrell R. Dunn Tuesday night was elected worshipful master of Lancaster Lodge 19 AF&AM, for the ensuing year of 1954.

Clark T. Brayman was elected senior warden and Howard E. Nesseler junior warden. Re-elected were Dr. Perry J. Morton, secretary, and Carl W. Wrensch, treasurer.

Aubrey R. Harris was re-elected to the board of trustees.

Concert By Vienna Academy Chorus Proves A Smash Hit

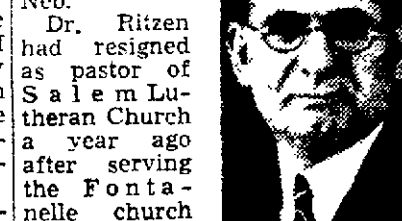

By LOUIS CASIMER

The performance last night of the Vienna Academy Chorus was without doubt a smash hit. Variety was the keynote of the performance—varied not only in the scope of the musical selections but also in the costuming of them. However, there were some things which did not change during the course of the evening—the high quality of the performance, and the enthusiasm and interest apparent in the audience from the first note to the last one.

The Chorus, under the direction of Professor Ferdinand Grossman, is made up of 12 young women and 12 young men who are among the most talented graduates of the Vienna Academy of Music. This is their first American tour although they are recognized as one of the outstanding choral groups of Europe. The appearance here was part of the Lincoln Symphony schedule this season.

Dr. Ritzgen Rites Will Be Thursday At Fontanelle, Neb.

Funeral services for Dr. M. A. Ritzgen, 66, retired Lutheran pastor and onetime superintendent of Tabitha Home in Lincoln, will be held at 2 p.m. Thursday at St. A. L. M. Lutheran Church in Fontanelle, Neb.

Dr. Ritzgen had resigned as pastor of St. A. L. M. Lutheran Church a year ago after serving the Fontanelle church for more than 11 years. Prior to going to Fontanelle he held the Tabitha Home position, coming to Lincoln in 1934.

Born in Germany, he was educated there and at Fremont Theological Seminary. From 1915 to 1917 he was pastor at Auburn. Later he held pastorates at Verdona and Falls City.

Surviving are his wife; three sons, Ralph of Fremont, Leonard of Omaha and Norman, serving with the Navy; two daughters, Mrs. Richard Hansen of Louisville, Colo., and Mrs. Myron Brand of Fremont; and eight grandchildren.

OES 148 Elects Janet McVicker, Burt Hunt Heads

Janet A. McVicker and Burt Hunt were elected worthy matron and worthy patron respectively of Lincoln Chapter 148, OES, for the coming year at the annual election Tuesday night.

Ellen Fetterman, who had served the chapter as secretary for 37 years, was not a candidate for re-election this year and Mrs. Loretta Johnston was elected to succeed her.

Other officers elected were Mrs. Frances Kranz, associate matron; Clyde A. Miller, associate patron; Miss Julia Boegh, treasurer; Mrs. Clara A. Wehr, conductress; and Miss Mabel Angelo, associate conductress.

Kenneth O. Smith was elected to a three-year term on the board of trustees and Mrs. Velma Struthers was elected for a one-year term.

In Pursuit of HAPPINESS

By J. GORDON ROBERTS

How should we regard N.A.M.?

"The National Association of Manufacturers" has replaced the "werewolf" as an expression to frighten little children into obedience.

Although Dracula presumably has an honorary membership — not reflected but never spiked — actually, four out of five members of the National Association of Manufacturers employ less than 500 people, and more than half employ less than 100. Whether or not largeness or smallness has any relationship to national welfare is a moot question.

In any event, members produce 85% of the manufactured goods produced within the United States, and employ three out of four Americans directly employed in industrial production.

In view of the record of the membership of this organization in World War II and its effect since then in holding Russia at bay, let us consider arguments for an excise tax at the manufacturers' level to replace entirely the present excise tax, as presented at a breakfast discussion by Charles R. Stigh, President of the National Association of Manufacturers.

"Many present excise taxes collected at the retail level constitute a hedgehog, and an unreasonable burden upon the small merchant through which the life blood of our commerce must flow. Other excise taxes are presently at the manufacturers' level.

This column runs Monday through Friday.

SCS Supervisors Moderate In Criticism Of Sec. Benson

New State SCS Board Officers

The new officers of the board of directors of the Nebraska Soil Conservation Association are shown following their election during the final day of the Association's convention at the Lincoln Hotel. The new officers are: (left to

right) Harry Massie, Broken Bow, president; Everett Barr, Liberty, vice president; Bill Richards, Orleans, secretary-treasurer; and R. C. Bassett, Bayard, delegate to the national convention. (Star Photo.)

Criticism of Agriculture Secretary Benson's reorganization of the Soil Conservation Service arose from the convention floor Tuesday, but Nebraska's SCS district supervisors chose a moderate, hopeful line in their official resolutions.

They preferred to let the future reveal the facts of Washington policy, taking Benson's "improvement" promise at face value. Meantime they resolved to redouble efforts at the grass roots to assure increasing momentum to the conservation program.

The second day of state association's convention brought the election of Harry Massie, Broken Bow, president, succeeding Albert Watson, Wayne, who stepped down after two years of leadership.

Everett Barr, Pawnee City, was re-elected vice president. Wm. Richards, Orleans, secretary-treasurer and R. C. Bassett, delegate to the national convention. Hjalmer Quist was reappointed

State's Human Relations Unit Votes 4 Studies

The governor's committee on human relations voted Tuesday to concentrate its study on four subjects.

They are employment, housing, health and education, and state laws dealing with the question of human relations.

W. Otto Swanson, Omaha, chairman, was authorized to appoint a sub-committee chairman to handle each study.

Racial groups mentioned during the discussion as meriting study included Mexicans, Indians, Japanese, Negroes, and Chinese.

As it outlined its work, the committee was informed similar programs had been carried out in other states, including Minnesota, New Jersey, Colorado, Massachusetts and Connecticut.

The Rev. John P. Markoe of Creighton University, Omaha, suggested that the committee devote attention to "smaller minority groups which don't ordinarily enter into the picture."

Chairman Swanson emphasized that the committee's mission is "fact finding and education," to cement better relations between all groups.

Since the appointment of the original committee several weeks ago, these persons have been added:

The Rev. Lawrence Dry, Mitchell; the Rev. S. A. Hanke, Gordon; the Rev. Don Littrell, Kimball; Allan Tully, Grand Island; the Rev. J. A. Schiller and Merle G. Jones, Beatrice; the Rev. Richard Carlyon, Scottsbluff; Hal Lainsion, Hastings; Jee Lee, Fairbury.

From Omaha: Mrs. E. E. McKiesky, Hugh McKenna, Charles Davis. W. Dale Clark, Herbert Stocker, the Rev. Charles Tyler, Rabbi Sidney Brooks.

From Lincoln: Walter White, Grey Jewett, Kathryn Duerfeldt, Msgr. R. J. Collins.

"AT THE CROSSROADS OF LINCOLN"

That Afternoon Nap

Winston Churchill's prescription for a long, useful, successful life simply does not fit in with the everyday schedule of most Americans.

Churchill urges an afternoon nap.

"The rest and the spell of sleep in the middle of the day refresh the human frame far more than a long night," the British premier wrote. "We were not made by nature to work or even play from eight o'clock in the morning until midnight. We throw a strain upon our system which is unfair and imprudent."

This is not to quarrel with the view expressed by an unforgettable world leader. It is to agree with him and to start immediately to figure out ways and means of fitting the Churchillian health plan into the American system of free enterprise.

Mr. Churchill gives only a most sketchy

outline. During the frequent conferences between Churchill and the late FDR, it was only the deep admiration which each man had for the other, the common cause so dear to each of them, and their unfeeling sense of good humor, graciousness and courtesy that averted situations which easily could have developed into minor misunderstandings. FDR arose fairly early in the morning, had breakfast and was at his office where he remained throughout the hours of the day. He took his work home with him at night. Churchill reversed the clock. His best work came after dinner. He was a notoriously late riser, followed by bath and breakfast, and then as he indicates a nap, and a rather generous one, for that matter. He was then ready for dinner. After dinner he was ready for work until two or three o'clock in the morning.

It took quite a lot of doing to match those two schedules.

Full Steam Ahead

"This is the first time in the 11 years I have been making these progress reports that I have had to report a decline."—Extract from a news story relating to a meeting of soil conservation leaders in Nebraska Monday.

The adoption of soil conservation practices in rural America admittedly is a long-range program. It is a job which may take 50 years or more to complete—possibly one of those jobs which will remain a continuing responsibility of each generation. Intelligent care of the soil is a chore which is never finished. Terraces have to be rebuilt, grassed waterways and pastures reseeded, farm ponds rebuilt.

Nebraska's soil conservation district supervisors, receiving from State Conservationist E. G. Jones an over-all bird's-eye view of 1953 accomplishment, can take a measurable pride in the progress achieved this year, however. In the construction of grassed waterways, 1952 was a banner year—50 per cent greater than any preceding year—so the drop was not too serious. In the construction of terraces, 1953's record of 6,000 miles compared to 6,800

miles in 1952 was not too bad, a decline chargeable largely to drought conditions in widely scattered sections of the state. What was lost in the building of terraces was offset by land-leveling and irrigation projects, also reflecting the influence of drought. In land-leveling and irrigation projects, 21,000 acres came into development in 1953 against 16,000 acres in 1952. Pasture-seeding and tree-planting each recorded a small decline.

Two factors were primarily responsible for 1953's drop. One was drought. A second was the lack of money. Still a third, which should correct itself, was the natural slowdown of organizational shifts which are now in progress in the soil conservation activities of the Department of Agriculture under Ezra Taft Benson.

There were words of wisdom from Dean W. V. Lambert of the University of Nebraska College of Agriculture.

"In the face of an ever changing nature," Dean Lambert declared, "we will never be able to push soil conservation enough, but let us not lose sight of the fact that the big part always must be done by the farmers and the ranchers themselves. Progress never has been just a matter of money."

With that we can agree thoroughly. Important as money is to get the job done (for the cost of four battalions of modern construction, progress in soil conservation could be stepped up impressively), the most important factor is the devotion and enthusiasm of the individual land-owner. If each farmer and rancher, looking into the future, has the imagination to see this country as it will be when soil conservation practices prevail from coast to coast, the job will get done.

And when completed, the United States will be the first nation in far-sighted spirit to have taken steps early in its life to preserve the fertility of its soil.

A Lesson For Us

Canada has handled its Red spy purge much more neatly than has the United States partly due to its calmer temperament and partly due to the good fortune of having Igor Gouzenko, a Russian embassy attache, hand over an authentic piece of information on the core of the entire Communist spy apparatus. On such evidence as Gouzenko had it didn't take long and it wasn't too difficult a problem in orderly justice to deal a mighty blow to spying.

As a reward to the helpful Russian, Canada granted him citizenship and threw the cloak of protection around him, placing the mounted police between him and revenge seekers. It is this matter of citizenship plus a sense of honor that is keeping the former Red on his side of the border against the wishes of the Jenner investigating committee.

Much as some in this country would like to have him, albeit he says he has nothing new or valuable to add to what he has already said, one must respect Canada for keeping its faith with Gouzenko. Its obligation to its individual citizen is not to be shaken by diplomatic convenience or the whim of a powerful neighbor. It all goes to illustrate why Gouzenko forsook Russia, which never hesitates to sell a citizen down the river, and sought a home on a foreign country which he believed respected and cherished its citizens. He made a right choice although it took a liberty-loving democracy and not Russia to prove it. And it goes to show that the U.S. has gained a fact of much greater importance in its inability to crack Canada than if it had been able to get and keep Gouzenko on the stand for weeks.

New Solution

Nations in all times have treated the problem of the old, the mentally unfit and abandoned children in a variety of ways, ranging from service and honor to liquidation. But it remained for the Chinese Communists to invent something entirely new in the line. They tried them.

According to a dispatch from Hong Kong, the Reds encourage and aid them to leave the country with assurances that they can return at any time. Then they issue them one-way passports and that's the end of it.

U.S. Must Rely Upon Imports

ing as a result of quantities of metals and of oil imported from abroad. It is Malone's position that America is self-sufficient; that the nation has adequate supplies to meet any need that may develop and that imports at this time are at the expense of the American economy. Secretary McKay's answer was an amazing statement in the light of recent history in which McKay himself played a very important role. "We haven't sufficient production to fight it," McKay said, "in the case of an all-out war."

That would seem to express a very belated awakening on the part of the Secretary of the Interior. Only a few months ago, shortly after the Eisenhower administration took over and former Gov. McKay became secretary of interior, the hot issue of Tidelands Oil was before Congress. That issue provided a most opportune occasion for the secretary of interior to express his concern over the adequacy of America's oil supply in the event of an all-out war. National security was the core of the argument for federal ownership of the vast undeveloped resources which came to be known as the Tidelands Oil reserves. The case for federal ownership of Tidelands rested in part on the fact that Uncle Sam's title to and interest in those vast offshore oil developments were a matter of national security.

The secretary of interior occupied another spot then, something of a hot seat. His party and its candidate had pledged themselves to set aside a Supreme Court decision giving title to Tidelands to Uncle Sam, and to transfer title to the states—chiefly three states, California, Texas and Louisiana. It was a powerful factor in the campaign.

Another Spot Then

Traditionally Democratic Texas in Ike's column. If he is right now, Secretary McKay was wrong then. He is right to the extent that in the case of a long-drawn-out all-out war, the United States would be in a bad way if cut off from oil imports. He is right in another direction. At a time when foreign trade is a matter of grave concern, one of the silliest steps we can take is to erect tariff barriers to deal with the volume of foreign trade another body blow. Some of our very best friends in the world are selling us oil to the exclusion of exports of Russia. We need these oil imports to maintain foreign trade and we need them as a measure of security.

And quite accidentally in the mounting cries for higher tariffs another chapter is added to the depressing story of Tidelands Oil. Uncle Sam should have continued to have had a voice in the development of the vast oil riches off American shores. Future developments may establish that they are actually the last great reserves upon which the people of this nation may draw. Now in the development of the Tidelands they are subject to such conservation regulations as each individual state may impose.

DREW PEARSON

Moscow Embassy Life Is No Bed Of Roses

WASHINGTON—Life in the American embassy in Moscow is no bed of roses for our diplomatic and military personnel stationed there. Here's a capsule picture of some of their problems:

Prices—A dessert ice-cream cake for six people costs \$10. A five-pound roast of beef is \$15. Oranges, pears, and melons are usually well above \$1 apiece, and even then are hard to get. As a result of shortages and high prices, 90 per cent of the food consumed by Americans in Moscow comes out of U.S. tin cans. The embassy even drinks powdered milk to avoid Moscow's unpasteurized milk and uninfected cows. Russian citizens working around the embassy plead for small quantities of powdered milk. Russian maids employed by U.S. diplomats receive \$200 per month. But a pair of Russian-made shoes costs the maids \$175.

Personalities—Ambassador Chip Bohlen is as popular with the embassy staff as he is unpopular with the Russians. "The committee are scared to death of Chip," says one embassy staff member. "He knows them so well they actually think he can read their minds." One of Bohlen's chief headaches is keeping peace between the diplomatic and military personnel stationed in Moscow. There's constant friction between the two groups. The U.S. military clique complains that the diplomats "hog" everything and look down their State Department noses at military colleagues. Diplomats counter by claiming the boys in uniform "don't have any idea what the score is."

"Protection"—All the men at the embassy are under 24-hour surveillance by the Russian secret police. But the embassy wives usually travel around Moscow "unattended." As a result, most of the women folk have a better idea than their husbands of what the average Russian in the street is thinking. All Russian servants employed at the embassy work for the secret police. One of the maids, Dora, has been employed at the embassy so long she must be Ambassador Bohlen's first mistress. Ambassador Bohlen, however, is a lowly third secretary. Dora reports regularly to the secret police but she's kept on at the embassy because any replacement would also be required to report to the police. Recently one Russian maid asked her U.S. employer for permission to leave the house for a half hour. "I'll be right back," she explained, "I just have to go down to the police station to report on you." The Russians have planted secret microphones in the homes of all embassy personnel. They're usually

referred to as either "George" or "Junior." A visitor leaving Russia with a copy of a Soviet encyclopedia is always halted at the border by customs officers who seize the book, tear out the three pages devoted to praise of Marshal Beria, then return it as OK to leave Soviet Russia.

VISHINSKY'S GOLD

Foreign Minister Vishinsky made a speech at the United Nations last week that was crowded out by the spy stories, but was highly significant nevertheless. Vishinsky denounced the United States for blocking an increase in the price of gold, went on to accuse the United States of hurting Australia, Canada, and South Africa, because their economy depends on the sale of gold.

Though largely ignored by American press associations, the speech was panned out over the Russian radio, also published in the British dominions. It was one of the cleverest speeches Vishinsky could have made. Behind it were two motives:

1. Divide the United States from our best friends in the British dominions.
2. Secure an increase in the price of gold which would be a godsend to Russia because of its surplus gold stocks. Russia wants the price upped from \$35 to \$50 an ounce, thereby giving the Kremlin a chance to increase its purchase of consumer goods abroad.

This wide-scale purchase of consumer goods, including such things as butter from Scandinavia, is one of the most significant developments inside Russia. It means that the Kremlin is trying to pacify the restless Russian people by giving them less of a military burden and more consumer benefits—at least temporarily.

Note—Vishinsky's denunciation of the United States over the price of South African gold almost matched his denunciation of Premier Malan of South Africa for his suppression of South African negroes.

BRITISH BEBOP

Selwyn Lloyd, British state minister at the United Nations, is getting quite a reputation as an expert on American bebop. And he deserves it.

Newspapermen noted some time ago how, after Vishinsky had delivered one of his usual diatribes at the United Nations, State Minister Lloyd rose and said:

"In the language of American bebop, 'Dig that broken record.' 'It will be interesting,' added Minister Lloyd, 'to see how the interpreters translate that.'"

MARQUIS CHILDS

Canada Holds Cleaner End Of Gouzenko Stick

WASHINGTON—To find any parallel with the present controversy between Canada and the United States it would be necessary to go a long way back in history. Reports from north of the border tell of resentment and hostility that appear to be almost unanimous irrespective of party lines or geography.

This should not surprise anyone who has followed even casually the efforts of the Jenner Internal Security Subcommittee to obtain the confessed Soviet spy courier, Igor Gouzenko, as a public witness. Gouzenko first alerted Canadian officials to the activities of an extensive spy ring at the end of World War II.

Canada acted with speed, efficiency and complete secrecy with the whole matter being presented before a royal commission. As a result the ring leaders were convicted and given jail sentences. The two thick volumes of the Royal Commission that met without benefit of television cameras is still the most thorough and far-reaching analysis of Soviet espionage. This case history was so complete, as detailed in thousands of pages of testimony of which part was used to document the public report, that little new has been added to the picture in the intervening years.

Obviously Gouzenko, who fled the Russian embassy in peril of his life to give the Canadian Mounted Police secret spy documents, was from that moment a prime target of Communist assassins. The relentlessness of Communist revenge was shown in the instance of Leon Trotsky who was pursued around the world after his break with Stalin and finally hacked to death with an Alpine axe in Mexico City.

Canada gave Gouzenko citizenship and "protection" to the mountains. He lives quietly under a pseudonym in a small town. The book he wrote based on his experiences in the Communist system is reported to have brought him upwards of \$100,000.

The fact that the Jenner committee proposed to make Gouzenko a spectacular public witness was not in itself the cause of the angry reaction in Canada. This move was accompanied by what in the view of Canadian officials was the equivalent of blackmail aimed at Lester Pearson, Canada's minister of external affairs.

A speech was made—inspired, in the Canadian view, by the Jenner committee—suggesting that information was in the files to the effect that Pearson had at second hand supplied data to a Soviet spy ring in Washington. That was during the years Pearson served as Canadian minister here. Robert Morris, counsel for the Jenner committee, has denied that any such information is contained in the committee file.

To the first request that Gouzenko be allowed to testify publicly, Pearson replied that he had nothing new to add. In a second reply he said he had apparently been mistaken since in a newspaper interview Gouzenko expressed the belief he could give useful "advice" to the committee about unearthing spy rings in the United States. In this second reply Pearson laid down several conditions. One of them being that the interrogation of Gouzenko should be in secret and that the Canadian government should have the right to determine which parts of his testimony should be made public.

Sen. Jenner promptly rejected this condition and asked the State Department to make another approach to the Canadian government. Secretary of State John Foster Dulles has declined to do so in a letter to Jenner, stating his belief that the stipulations laid down by Canada are reasonable.

The fact is that Dulles had little choice in the matter since Canada had let it be known that a third attempt would be an affront with consequences for which the Canadian government could not answer. This is an extraordinary occurrence in the relationship between two friendly neighbors with what has been called the longest undefended border in the world.

But back of the stern intimation to the State Department was a sense of outrage over still another aspect of the spy business. In one of the secret FBI documents that Attorney General Herbert Brownell Jr. gave out was a reference to a source of information high in the Canadian government. The release was made without any prior consultation with Canada and the government in Ottawa considered it a direct breach of the common diplomatic courtesy requiring a previous exchange before confidential information involving another power is made public. What is more, Canada now says there was no such source in the Canadian government.

Some will ask what difference it makes what Canada thinks. We are a rich and powerful nation dominating this hemisphere and Canada had better accommodate itself to that fact. But this is a blindingly short-sighted view. Putting aside all considerations of neighborliness and good will, the fact is that Canada is far and away America's best foreign customer. Whether it is politics, at a time when the export market is becoming increasingly important, to kick your best customer in the face seems to have occurred to almost no one.

Values Of A Liberal Education

Why Study Foreign Languages?

By DR. EUGENE N. ANDERSON
Professor of History
University of Nebraska
(Thirteenth of a series)

DR. E. N. ANDERSON

Everyone with a knowledge of a foreign language is performing his individual share in furthering a United Nations and world understanding. He is manifesting his respect for a foreign people and his enjoyment in becoming acquainted with its cultural achievements. He acquires a sense of tolerance of people who are different from him, and he deepens his appreciation of his own national culture by being able to compare it with another. He has opened a whole new world for enriching his experience.

There are always two aspects to the value of learning a foreign language, the cultural and the practical. Each assists the other. The cultural value is too well known to require further discussion; all men of good will and cosmopolitan interests seek to learn new languages. The practical advantages, however, need to be stressed.

Each year this country has billions of dollars worth of foreign trade. In the handling of this commerce someone along the line has to know the language of the countries with which the trade is done. A manager, a salesman, a secretary, a technician, perhaps all, have to be able to use a foreign language.

Similarly, big corporations to conduct their foreign business need economists, engineers and financial experts who can use foreign languages, and such persons can command a premium in the business world today.

Nebraska is situated in one of the greatest food-producing areas of the world. The uses we are able to make of our surplus food are many. Some are good for us and some are bad. To check on the value of such use, we need agriculturists, economists and others trained in the language of the countries to which our food may be sent. No one has

a greater responsibility than our Nebraska farmers for training persons who can explore these problems at first hand by being able to speak foreign languages. It is true that we may not have students trained in the language of Pakistan, for example; but the learning of one foreign language always facilitates the learning of the next.

Our sons and daughters will very likely be in the armed services. Since these services are now destined for some use abroad, for an indefinite future they will need personnel with a knowledge of foreign languages. This personnel must be obtained either from the foreign country or from our own young people. By having American officers and men able when abroad to use other languages than their own we should greatly increase the efficiency and economy of our administration of military housing, food supply and communications; we should get along much better than otherwise with the local population. A knowledge of languages in the work of military and naval intelligence may in time of war narrow the difference between life and death to many of our soldiers.

Civilians are being used abroad in the Point Four program and in regular government work. Many of our Nebraskans have been sent to foreign countries to help in agricultural development, improvement of educational services, or law and legal institutions. This kind of co-operative but inexpensive international aid will no doubt expand. We should be preparing our young people for it by enabling them to learn foreign languages. An expert abroad without facility in learning local languages cannot become well acquainted with the cultures in which he is to work.

Similar preparation is essential for the thousands of positions in every department of our government. The Justice Department, for example, employs lawyers who are experts in international cartels. The Agriculture Department has its staff of experts on foreign agriculture. The other departments all participate in the conduct of foreign relations, and in every case a knowledge of foreign languages is required, at least to supply the data on which to work. Americans should be doing their share of collecting these data.

We live in an age of speedy transportation and communication, of mass production and world distribution. Our present facilities for learning foreign languages are a hold-over from the days of isolation. In our language training we need to catch up with the opportunities of our material culture.

Nebraska is full of people with a tradition of two languages. A family knowledge of Swedish, Czech, German, Italian, Russian should be preserved for the younger generation. Our children should receive training in foreign languages in the grade schools, for at that age they readily learn to speak a language.

With our linguistic background we Nebraskans should be in the vanguard of language training. We should be developing young people rich in the appreciation of foreign cultures and equipped to use to advantage the many opportunities which our interdependent world has opened for them.

THE PEOPLE SPEAK

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name and address. Letters represent only contributor's view.

'Operation Honesty'

Nebraska City, Neb.
To the editor of The Lincoln Star: A recent news item states that Gov. Crosby discloses he has a loyal friend in Omaha who now swears his allegiance: "Operation Honesty." This is downright silly and won't put one extra dime on the tax rolls. If a person like that can succeed in "smoking out" enough of the rest of us—the non-political nobody—the fella who has no way of covering his own tracks—then Gov. Crosby can say that his scheme was a huge success. The governor has invited all of us to turn in our friends and neighbors, and has promised that they'll never find us out so that we will have to face them—just hit below the belt and run.

The average person gets the drift, and no need to "sic" the governor's political friends on to us—us, the persons who never before until the last few years have had anything to tax—the ones who forgot all about Mama's rabbit-hair coat, Johnny's Christmas bicycle, Susie's Christmas watch and those few bonds laid by for a rainy day. Yes, Gov. Crosby, you can just bet that come March 10, they'll all show up on the tax rolls.

But what about those "big fish," the ones who are detailed to report on the rest of us—the big politicians, bankers, lawyers, newspapers—does anyone question their honesty? You little nobodies had better begin to sweat it out—"Operation Honesty" in Nebraska means you—and don't forget it.

HONEST JON

Thank You

Lincoln, Neb.
To the editor of The Lincoln Star: I would like to take this opportunity on behalf of the Lincoln Junior Chamber of Commerce to thank The Lincoln Star for the coverage given the recent Sen.-State Institute held in Lincoln. This is an annual meeting and an annual workshop at which the seven midwestern states can join together and work and talk over the problems of young men. We appreciate the fine coverage of our convention.

LEO J. BECK, JR.
Convention Chairman

EDGAR A. GUEST

—Poet Of The People—

THE DAY

Better is lost in a single day.
From the one false step comes shame.
By one thoughtless turn I may go astray
And never the path reclaim.

So keep me true till the night slips down,
And grant me the strength, I pray,
To keep to my best till I come from town.
Let me cling to the right today.

One day at a time is all I ask.
One day with its doubts and fears!
Let me come tonight with a well done task
And I shall not dread the years.

For faith is lost in a moment's time.
In an instant men may stray,
So let me come from the dust and grime
With the joy of a well-spent day.

OFF THE RECORD

Ed Reed

"Remember now, I want two or three of the steps to creak good and loud."

No. 11 in Series of Prize-Winning Cranberry Recipes:

Cranberry Crunch Pudding

Mrs. Edna Zemer of Washington, D. C., won a prize for this delicious Cranberry Crunch Pudding, an easy-to-make dessert that the whole family will love. (This is one in a series of Prize-Winning Cranberry Recipes appearing on this page every other Wednesday. If you missed any of the previous recipes, write to Ocean Spray, Dept. 1668, Hanson, Mass., for a complete set.)

CRANBERRY CRUNCH PUDDING

Fruit Filling: 1 pound can Ocean Spray Whole Cranberry Sauce 2 cups apples, thinly sliced 2 tablespoons butter

Mix cranberry sauce and sliced apples. Place in loaf pan tucking bits of butter throughout.

Topping: 1/4 cup brown sugar 1/4 teaspoon salt 1/4 cup flour 1/4 cup grated sharp cheddar cheese 1 egg, beaten

Combine and mix well the sugar, flour, baking powder, salt, cinnamon, and grated cheese. Add egg and blend until mixture is crumbly. Spread over fruit. Bake 35 minutes at 375° F. Serve warm or cold, plain, or with cream or ice cream. Delicious! Serves 6.

When you are ready-to-serve Ocean Spray Cranberry Sauce in a recipe, your cooking is half done. Just open a can of cranberry sauce and go on from there.

And of course Ocean Spray, just as it comes from the can, is a delicious partner for children, turkey, meat or fish.

Watch this page every other Wednesday for Prize-Winning Cranberry Recipes!

Westview Conversion Cost \$25,210

The cost of converting Lancaster County's Westview Nursing Home into a 63-bed convalescent hospital has been estimated at \$25,210.

The cost estimate by Architects Davis and Wilson was presented Tuesday to the Board of Commissioners by Dep. Co. Atty. Dale Fahrbruch.

The architect's estimates included general construction, \$7,800; new floor plan, \$1,600; plumbing, including additional fixtures and kitchen equipment, \$7,650; wiring, \$2,500; nurses' call system, \$1,250; extra sewage disposal, \$2,000; and auxiliary power plant, \$1,600.

Not included as minimum needs were additional ward and dining room equipment, \$4,500; laundry, \$5,500; and elevator, \$9,500.

Fahrbruch said under law the administration of the county hospital would be in the hands of three trustees to be appointed by the board.

Board Chairman Russell Brehm pointed out that the commissioners would serve as hospital trustees.

Board action on plans for the convalescent hospital was deferred until next Tuesday's meeting in the absence of Commissioner Chauncey Barney.

While the \$25,000 estimate is

twice the hoped-for cost of remodeling, Brehm commented that if the county could save \$15,000-\$25,000 yearly in medical assistance costs by remodeling Westview that "it would be worth the money."

Blair Firm Given Offutt Base Work

OMAHA (AP)—The Korshoj Construction Co., Blair, Neb., was announced as receiver of a \$8,988 contract for construction of navigational aid facilities at Offutt Air Force Base near Omaha.

The contract award was made by the Omaha District Office of Army Engineers.

The Moffett Engineering Co., Albany, Calif., was awarded a \$196,790 contract for providing an 80-ton electrically operated intake gantry crane for the Cavins Point Dam project near Yanton, S. D.

Be Good To Yourself First

There's just no substitute for Schlitz

It's your money you are spending; naturally, you want all the pleasure and satisfaction it can buy.

You get all of that in every glass of Schlitz.

Fortunately, Schlitz is one of the finer things of life that everybody can afford.

There's real pride and pleasure in drinking and serving America's most distinguished beer.

Ask for Schlitz—there is no better bargain in beer.

The Beer that Made Milwaukee Famous

Spalding Man Is Corn Show Winner

Hereford Tops Stock At Chicago

From Press Dispatches
CHICAGO — John Ballweg, Spalding, Neb., was announced Tuesday as winner of first place in the white corn competition, Region 6, of the grain show in connection with the International Livestock Exposition here.

Other Nebraska winners included:

Yellow corn, Region 6: George Brunke, Campbell, 2nd; Lloyd Engelhardt, Campbell, 3rd; Charles Lindgren, Campbell, 4th; Dean Edeal, Overton, 5th; Rex Thomas, Sumner, 6th.

Junior corn, Region 6: Russell Edeal, Overton, 2nd; Norene Keller, Elba, 3rd; Russ Biehl, Lexington, 4th; Bernard Block, Gothenburg, 5th; Patte Prochaska, Palmer, 6th; Wayne Hartman, Hastings, 7th; Wayne Faustman, York, 8th.

In livestock judging at the exposition Tuesday, Lone Star, a 1,000 pound Hereford owned by pretty Sue White of Big Springs, Tex., was named grand champion steer of the annual show.

The 18-year-old girl cried with joy as Chief Judge A. D. Weber, dean of the Kansas State College of Agriculture, slapped Lone Star on the rump—signifying that the animal was the best of 850 entered in the 54th annual big show.

Little Stuff, a 1,050-pound Aberdeen Angus owned by 19-year-old Carlye Greathouse of Hindsboro, Ill., topped the reserve grand champion.

Little Stuff had been named junior grand champion after the original winner of the junior award—Blackie, owned by Richard Carey of Mineral Point, Wis., was disqualified on an over-age charge.

Miss White lives with her parents on a 480-acre farm a mile northeast of Big Springs in Howard County.

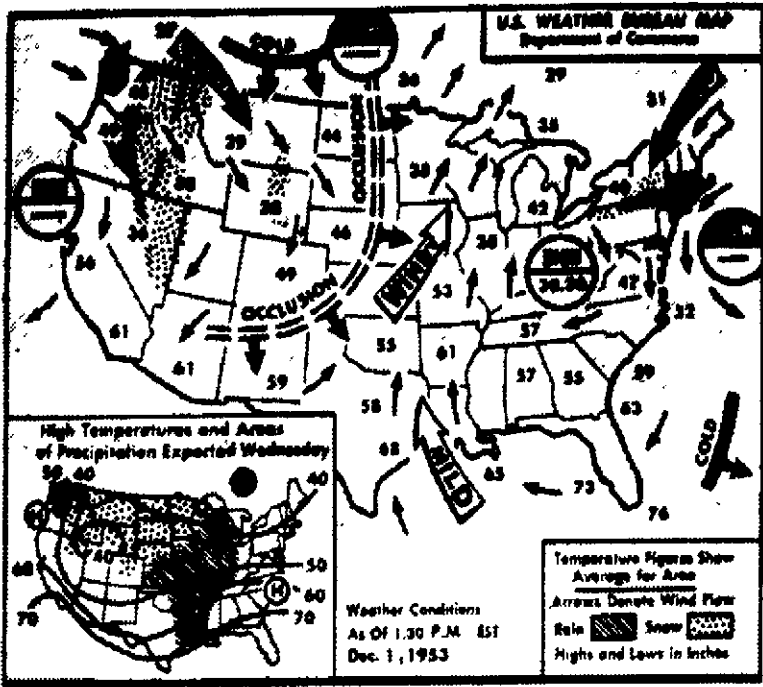

Sue received a \$1,000 check as one of the awards for her red and white champion.

Two Wisconsin men won the top junior and senior awards in the National Hog Judging Contest held in connection with the exposition.

L. W. Beadle, 58, of Beloit, was awarded the \$5,000 first prize in the senior division, and Ronald Smith, 18, of Tiffany, the first prize \$500 savings bond in the junior division.

Second prize of \$1,000 in the senior division went to George Lorenze, 39, of Wells, Minn., and the \$500 third prize to Stanley Gilman, Garretson, S. D.

Cloudy With Snow And Rain

Cloudy weather will cover the Plains states, the Western Lakes and the Gulf states Wednesday. Snow is expected in the northern Plains and mixed snow and rain in the Great Lakes area and central Plains. It will rain in the southern Plains and the Gulf area. Mixed rain and snow will fall in the

northern Rockies. The eastern third of the country will have partly cloudy and warmer weather. A cooler trend is expected in the central states. Little change in temperature is expected in the western states. (AP Wirephoto Map Tuesday Night.)

Bridge Toll Removal Will Aid Nebraska, Dakota Says Ress

YANKTON, S. D. (AP)—Removal of tolls from the Missouri River bridge here represents a milestone in transportation and will stimulate the industry, commerce and agriculture of South Dakota and Nebraska, State Engineer L. N. Ress of Nebraska declared Tuesday.

"Within a few weeks most of us will take this free bridge for granted. We won't think of the dreaming, planning and laboring necessary before a free bridge became a reality," he continued.

Recalls Goal
Ress recalled that about 40 years ago, the Meridian Highway Association had the goal of an improved highway from Winnipeg to Galveston.

"Such a highway was mostly a dream then. Today, reality is greater than yesterday's dream. By way of U. S. 81 you can drive to the south of here on paved highway's leading to Mexico City and beyond. North of here you can drive on improved roads, not just to Winnipeg, but 140 miles to the north.

The first stretch of U. S. 81 to be hard-surfaced in Nebraska was between Norfolk and Madison, only 23 years ago, Ress said. It was seven more years before another six miles of dustless

surfacing was laid, extending north from the Kansas line.

Progress Slow
The last 23 miles of dustless surfacing on U. S. 81 across Nebraska, completed two years ago, connected with the bridge here.

"So slow has the progress been on this dream of an international highway that much of the road became worn out and outmoded before other parts were built.

"The task that lies ahead in providing a U. S. 81 highway facility equal to the demands of present-day traffic is perhaps as great as the task contemplated by the dreamers and planners of 40 years ago," Ress concluded.

Organization Meet Of Tax Committee Set

GRAND ISLAND, Neb. (AP)—A permanent state tax study committee will be organized here next Tuesday afternoon, Dec. 8, Arch W. Jarrell, chairman of a temporary steering committee formed several months ago, said.

Organization of the permanent committee results from a statewide meeting held here in October at which 13 geographical areas of Nebraska were asked to name members.

Representatives Named
Eleven of the 13 areas already have named their committee representatives, Jarrell, editor of the Grand Island Independent, said. Not yet heard from are the North Platte and Alliance areas.

E. Ross Martin of Lincoln was named to represent the Lincoln area.

Jarrell expressed a hope that Alliance and North Platte areas also would send a representative to the organizational meeting.

Open House Sunday To Honor Enborgs

The Kensington to Craft No. 45 of the National Federated Craft will honor Mr. and Mrs. Astor Enborg, members who are moving out of the state, at an open house at the home of Mr. and Mrs. W. F. Salisbury of 2320 Washington on Sunday from 2 to 6 p.m.

City Manager Plan May Face Election, Rumors Indicate

GRAND ISLAND, Neb. (AP)—Rumors are circulating here that a move is under way to determine whether Grand Island wants to continue the city manager form of government adopted three years ago, the Grand Island Independent reports.

It is understood that petitions are in circulation now, or will be circulated soon, calling for a special election on the subject the newspaper said.

Rites Wednesday For Crash Victim

RED CLOUD, Neb. Funeral services will be held at 2 p.m. Wednesday at the Methodist Church here for Harvey A. Stevens, 51, who was killed in a train-car accident at a crossing near Bladen.

Stevens had resided for the past five years on a farm near Red Cloud. He was a native of Blue Hill.

Surviving are his wife, Blanche; three sons, Carol of Fort Wayne, Ind., Wendell of Eden, Ida., and Ronald, who is in military service; a daughter, Ardis, at home; his mother, Mrs. Charlotte Stevens of Imperial; five grandchildren, three brothers and three sisters.

Royal, Select Masons Name Charles Reeve

OMAHA (AP)—Charles W. Reeve of Omaha was elected grand master of the Grand Council of Royal and Select Masons in Nebraska.

He was chosen at the opening session of the meeting of York Rite Masons of Nebraska to succeed Warren D. Lichly of Chadron.

Other officers: Fred Foutz, Central City, deputy grand master; Brisen J. Hofer, McCook, grand principal conductor of the work; Harold H. Thon, Omaha, grand treasurer; Carl R. Greisen, Omaha, grand recorder; Frank E. Pfoutz, Geneva, grand chaplain; Alfred S. Walter, Omaha, grand captain of the guard; Wilfred S. Boldt, North Platte, grand conductor of the council; Lacy L. Mittan, Wymore, grand steward; Lewis S. Reepe, Omaha, grand sentinel.

The session will continue through Thursday.

A banquet was held Tuesday night.

FRANK L. PAUL
CEDAR BLUFFS—Funeral services were held here Tuesday for Frank L. Paul, 79, retired farmer. Born in Iowa, he was a member of the Masonic Lodge and the Methodist Church. Surviving are his wife, one daughter, Mrs. Allen Johnson of Fremont; one grandson, and two brothers.

515 In Grand Island Telephone Count Up
GRAND ISLAND, Neb. (AP)—The 11,840 listings in the book New telephone directories were out here Tuesday. They listed 315 more telephones than last year.

The 11,840 listings in the book include Grand Island, rural routes and small towns in Hall County.

Marked Progress Noted In Wheat Fields

Feeder Pig Demand Up

Winter wheat and fall-sown alfalfa and grasses in Nebraska show marked improvement, according to a report of the State-Federal Division of Agricultural Statistics.

The improvement can be credited to rain and snow which fell up to the previous week. The only precipitation in the state during the week ending Nov. 30 was .01 inch at Valentine.

With few exceptions, temperatures have been high enough for wheat to grow and early-sown wheat in the favored areas is furnishing some pasture, the report said.

Husking Completed
Husking of the few remaining fields of corn has been completed and much corn has been placed under loan.

With the new supply added to stocks of old corn, there has been a good demand for feeder pigs at high prices, the report said.

Grading of potatoes continues in the west with some storage difficulty because of high temperatures in caves. Potato shipments have been slow.

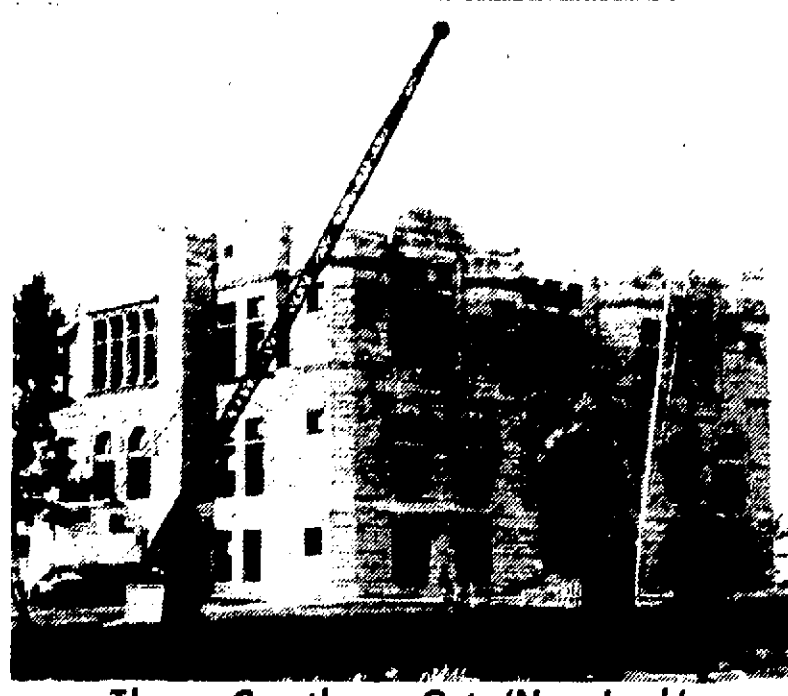

Harvesting of a few scattered fields of sugar beets is nearly completed.

An abundance of range feed in the northern portion of the range area has been conserving hay supplies. Cornstalk fields are furnishing much feed.

Weather Ahead

Extended forecast for Nebraska:

Temperatures will average near normal for the period Wednesday through Sunday. Normal highs are near 40, and normal lows range from 17 in the northwest to 20 in the southeast. Colder Wednesday and Thursday, warmer Friday and Saturday, but turning colder again by Sunday. Precipitation should average about .10 of an inch, occurring as showers or snow about Sunday.

Thayer Courthouse Gets 'New Look'

It took a tornado to do it, but the heavy and ornate tower which adorned the top of the Thayer County Courthouse in Hebron has now completely disappeared. The tower was damaged by the tornado which swept through the city May 9 and was later condemned by building inspectors. Before final word came for removal of the tower, however, some county residents objected that such a step would deprive the area of an old landmark. The Thayer County Board, however, went ahead with the removal. (Star Staff Photo).

'Electronic Brains' Planned For Missouri Dam Operation

OMAHA (AP)—Army Engineers are looking toward the day when they'll need and use "electronic brains" in the operation of the dams and reservoirs being built in the Missouri River basin.

Brig. Gen. W. E. Potter, Missouri River Division Engineer, said Tuesday great volumes of engineering data and computations are required to make flood control decisions and otherwise manage and release the water stored in reservoirs. The electric computers, he said, are expected to be able to do a job of computation in a matter of minutes which might require hours or even days for human computers to accomplish.

Contracts Out

Gen. Potter said the Raytheon Corporation is under contract with the Corps of Engineers to provide the technical advice for developing the use of the computers. New York University also is under contract to handle part of the development.

Under the Pick-Sloan program of Missouri Basin development, now nearing the half way mark

in construction, there eventually will be more than 100 reservoirs. The operation of each will affect the others.

Dams on the Missouri's main stem alone will have a storage capacity of about 73 million acre feet. An acre foot is enough water to cover an acre of land to a depth of one foot, or about 325,700 gallons.

Dawson's Latest Oil Well Output 72 Bbls. Daily

DAWSON, Neb. (AP)—A wildcat oil test south of here has been completed as a producer and is making about 72 barrels a day on the swab, Fred Palensky, one of the owners, reports.

The well was drilled between two dry holes on land owned by Rudolph Karas of Table Rock. Observers said the discovery might well open up a new field beyond the area now considered the Dawson field.

The present producing area is in the upper Hunton formation, while most of the other wells in the area are producing from the lower Hunton area.

Rites Held At Garrison For Mrs. Richardson

GARRISON, Neb. (Lincoln Star Special)—Funeral services were held here for Mrs. Otto Richardson, 77, resident of Butler County since 1896. She died in a David City hospital. Surviving are her husband and two sons, Arthur and Christian Strubing.

\$15,000 Damages Asked In Runaway

OMAHA (AP)—A horse runaway was the basis of a \$15,000 damage suit filed in District court here Tuesday.

Joycelyn Schlotman, 16, of Omaha, contends that Ernest Wolff, manager of a riding stable, let her drive a dangerous animal. The horse is alleged to have run into a car, tossing Miss Schlotman into the air.

She asks damages for injuries.

Arthur Benson Is Dead; Meter Company Official

NEBRASKA CITY (AP)—Arthur F. Benson, an official of the American Meter Company and frequent visitor to Nebraska City, died at Warren, Pa., according to word received here.

Benson was influential in the establishment of an American Meter Co. plant here. He and his wife were among company officials attending the plant opening last June.

State's Butter Output Ranked 4th In Nation

The State-Federal Division of Agricultural Statistics reported Tuesday 71,269,000 pounds of creamery butter were produced in Nebraska in 1952, to give the state fourth place nationally in creamery butter production.

About 494,000 pounds of American cheese were manufactured, along with 9,120,000 pounds of cottage and creamed cheese.

Ice cream production reached 5,694,000 gallons and 1,440,000 gallons of icemilk were produced.

Kansas Deer Hunter Fined For Speeding

FREMONT, Neb. (AP)—A Kansas City hunter, Elmer S. James, was fined \$75 and costs in Justice Court here for speeding. James explained he had two deer tied to his car and was in a hurry to get home because he was "afraid they would spoil."

Dulles Clashes With McCarthy On U.S. Foreign Policy

Senator Grins At New Blast

WASHINGTON (AP)—Secretary of State Dulles came to grips with Senator McCarthy on foreign policy Tuesday with a declaration that the United States will not use "blustering and domineering methods" towards Allies whose friendship it needs to deter a Russian atomic attack.

Asserting he spoke with the knowledge and support of President Eisenhower, Dulles took the position that "arrogant" attempts at coercion would weaken the free world in the face of the Soviet danger.

It was the closest the Eisenhower administration has yet come to an out-and-out major tussle with McCarthy. In a speech last Tuesday, the Wisconsin Republican Senator accused the Eisenhower administration of "battering zero" in some respects, and criticized some foreign policies as too soft.

McCarthy demanded a "blockade" of Red China, to be carried out by serving warning on Britain and other Allies that they will get no American money if they continue trading with the Chinese Reds.

Without once mentioning McCarthy by name, Dulles told his news conference that the type of criticism raised by the Senator "attacks the very heart of U.S. foreign policy."

When McCarthy was told of Dulles' statement, he asked reporters with a grin:

"Do you think he could have been referring to me?"

The Senator, who arrived here late Tuesday from Wisconsin, said he would have no further comment until he had a chance to study the Dulles statement.

Later McCarthy announced he would hold a news conference. At first he said it would be at 10:30 a.m., EST., Wednesday but on learning that Eisenhower was having one at that time, he said he would defer his until Wednesday afternoon or Thursday.

Dulles took the somewhat unusual step of having his remarks set forth in a formal mimeographed statement, thus emphasizing that it had been a subject of studied consideration instead of merely an off-the-cuff answer to a reporter's question.

Santiago Deported
WASHINGTON (INS)—The Justice Department announced Tuesday that Vincent P. Santiago, alleged Communist Party courier, has been deported to his native Philippines. Attorney General Brownell said the 48-year-old New Yorker was ordered deported on grounds he entered the United States without a valid visa and with a criminal record.

Civilian Gets AF Bravery Award

Col. A. J. Beck, Offutt Air Force Base commander, congratulates Frank Zimola, 57, of Omaha after decorating him with the Exceptional Civilian Service Award, the highest Air Force award to a civilian. Zimola, a painter, was credited with helping save the life of Henry Gabernowicz, who came in contact with a high voltage electrical wire as the two were working at the base last July 6. (AP Wirephoto Tuesday Night).

Craftsman Lodge 314 Elects William Goggins
William Goggins was elected Worshipful Master of Craftsman Lodge 314, AF&M, Tuesday night to serve during the 1954 year.

Howard I. Stewart was elected senior warden and Roy A. Carlson, junior warden.

G. Henry Crane and Curry D. Bryson were re-elected treasurer and secretary respectively.

D. H. Pinkerton was named to the board of trustees and Ray E. Waller was elected to the board of investments.

Nebraska Death Rate Shows Increase

7,020 For First Half Of '53

For the second consecutive year, more Nebraskans died during the first six months than in the corresponding period of the preceding year.

The Vital Statistics Bureau reported 7,020 deaths for the first six months of 1953, compared to 6,795 in the first half of 1952 and 6,360 in the corresponding portion of 1951.

Heart disease accounted for 2,570 of this year's deaths, compared to 2,520 in the first half of 1952 and 2,302 in the first half of 1951.

Cancer killed 1,051 persons in the first half of this year, compared to 935 in the first half of 1952 and 914 for the first half of 1951.

Accidents took 400 lives in the first half of 1953. An automobile was involved in 117 of these deaths, while accidental falls were blamed for 121 deaths.

The first half of 1952 saw 414 deaths due to accidents, while in the first half of 1951 there were 400.

And while the number of deaths was increasing, the number of births was declining somewhat.

The first six months of the year showed a count of 15,253 births, compared to 15,999 in the first half of 1952.

Viola Hill Is Installed As Head Of Lady Bugs

Official Hostesses: Martha Pettis, Ida Johnson, Grace Martin. Initiatory team members are: Elsie Otto, Marie Johnson, Mary McClintock, Violet Booth, Pearl Hurd, Dorothy Owen, Catherine Wilson.

Air Mail to Santa Claus

Iglooville, North Pole. Dec. 2

DEAR CHILDREN:

All fall the reindeer have been over at the Pine Place getting in on pinon nuts. Yesterday I decided to call them up to see if they were all right. They have quite a trip to make on Christmas Eve, you know.

So I got out my beautiful silver whistle Mrs. Santa gave me last Christmas—sure, Santa gets presents, too! I climbed up on the roof top and blew my whistle for the reindeer.

Right away seven of them came racing out of the woods and fairly flew across the snow to me. I looked them over. Vixen was missing. So I blew my whistle again, loud, and long, and clear. Then I looked through my pocket telescope—the one I used to look for good boys and girls—and I could see Vixen's head peering out from among the trees on the Pine Knob. I called to her, "Come on, Vixen!" And she began to move, hobble I should say, for she limped badly on her right front foot.

Well! Well! I thought. This is a pretty kettle of snowballs! What shall I do if Vixen can't pull her share of the load Christmas Eve? But I noticed Vixen wouldn't look me in the eye. And when I wanted to examine her foot she backed away. So I went into the shop and came out with some sugar cubes. The deer all love sugar. I threw the sugar just as far as I could. How that gang did go! And who do you think was the first one there? Vixen, the monkey. She forgot all about the foot she had been "playing like" was sore. My tummy just went up and down with laughter. Vixen loves to play tricks on Santa.

Love, Santa Claus.

Vixen was limping badly.

Shotgun Stolen

A 410 shotgun and a partial box of shells was reported missing from the Farmers Union Co-Op Elevator at Kramer following a break-in sometime Monday night. Deputy Sheriff Mark Meyers said the value of the shotgun was not estimated by Henry Heitman, elevator manager. Entrance to the elevator's

office was apparently gained through a window.

State 'Sales Tax' Nets \$3 1/4 Million

Nebraska, a so-called non-sales tax state, nevertheless collected over three and a quarter million dollars in retail sales taxes last month.

The state tax of six cents a gallon on gasoline brought in \$2,632,845.

Revenue from the three-cent-a-pack tax on cigarettes amounted to \$306,744.

The Liquor Commission collected \$271,124 in taxes on liquor, beer, and wine sold in Nebraska in November.

Liquor, beer, and wine tax collections for the first 11 months of 1953 totaled \$2,709,091. The figure for the corresponding period last year was \$2,687,734.

Gasoline tax revenue last month was about 16 per cent higher than in November, 1952, because of the cent-a-gallon increase which went into effect last May.

Cigarette tax collections last month were within \$113 of the amount taken in during November, 1952.

Rodney Knox Cited For Outstanding 4-H Work

Rodney L. Knox, son of Mr. and Mrs. Ralph O. Knox, 5000 O. has been presented with a model cow trophy for his outstanding achievement in 4-H Club work.

Rodney, who started his 4-H work five years ago at the age of 12, now has a herd of 10 registered Jerseys. The trophy was awarded by the Jersey Cattle Club at the Jersey Breeders Association meeting at the University of Nebraska College of Agriculture. The award was presented by Charles Friedrich.

2 New Polio Cases

Two new cases of polio were reported to the State Health Department last week from Madison and Otoe Counties. This year's total is 221, compared to 2150 a year ago.

A 7 time Journal & Star Want Ad is always most effective and costs less in the long run. Place your ad for 7 days, then when you get results, cancel it and pay only for the number of days it runs. Cattle 'Assessment Count' Is Lower

A 19 per cent difference between the number of cattle reported by assessors in Nebraska last year and the number estimated by the Federal Bureau of Agriculture Estimates was pointed out Tuesday by Gov. Robert Crossby.

The assessors counted four million head on March 1. A few weeks earlier the federal agency had estimated the state's cattle population at 4,900,000.

The governor noted that the number of cattle counted by the assessor in Cherry County was 92 per cent of the county's estimated cattle population, while in Holt County it was 99 per cent. But in Custer County, he observed, the assessor's figure was only 74 per cent and in Grant County it was just 68 per cent.

McDonald Gives Church \$30,000

NORTH PLATTE, Neb. (AP)—W. H. McDonald, president of the McDonald State Bank, has pledged \$30,000 to the building fund of the First Presbyterian Church of North Platte.

The money will be given in memory of his wife, the late Mrs. Minnie Belton McDonald. The church seeks about \$200,000. A new youth recreation and religious education building is planned.

"AT THE CROSSROADS OF LINCOLN"

PTA's Plan Programs

Mrs. Roland Chase, DISTRICT 126 PTA finance chairman, will serve as general chairman in charge of arrangements for the unit's annual fun night program, to be held at 7:30 o'clock Friday evening at the West Lincoln School.

A feature of the evening will be a special talent show in which members of the community as well as school pupils will participate. The talent show will begin at 8:30 o'clock, and the evening's program also will include a variety of games and refreshments.

Committee chairmen for the affair include: Mrs. Loren Goodwin, food; Mrs. Frederick Way, dart games; Mrs. Lydia Vest, fortune telling; Mrs. Harley Messing, popcorn and candy; Mrs. Abner Pearson, clown; Mrs. Carl Knight, fish pond; Mrs. Adam Green, talent show; and Mrs. Al Kanub, ring toss.

The SARATOGA PTA room mothers met for a dessert luncheon at the school Monday. A guest was Mrs. Leonard Focht, who spoke to the

group on the national Parent-Teacher Magazine. Mrs. J. A. Elliott presided at the meeting and plans for the annual "hanging of the greens" and open house on Dec. 15 were discussed.

Hostesses included Mrs. Orlo Chandler, Mrs. Ralph Hanneman and Mrs. Alexander Maul.

The executive board members of the PRESCOTT PTA met Monday evening at the home of Mrs. Fred Bodie to make plans for the December meeting of the PTA and the group's annual Christmas program.

The program will feature a talk by Capt. Kennedy of the Salvation Army, and the school chorus, wearing the new choir robes, will perform. Hostesses for the board meeting were Mrs. Kenneth Ekwall, Mrs. James Tisdale and Mrs. Robert Hoerner.

LWC Group Hears Speaker

The American Citizenship department of the Lincoln Woman's Club met Monday afternoon to hear a discussion on "Freedoms Old" by Prof. Adam C. Breckenridge of the University of Nebraska who spoke on the basic inherited freedoms safeguarded by the constitution.

Mrs. Nathan Grossman has been elected the new leader of the department to fill the vacancy caused by the resignation of Mrs. Leslie Loomis, and secretary-treasurer is Mrs. H. E. McCormick.

Veterinary Auxiliary Has Tea

Opening the activities of the annual meeting of the Nebraska State Veterinary Medical Auxiliary in Lincoln, Tuesday and Wednesday, was a book review program and tea

AS FAR as we are concerned the holiday season is here—it began the moment we flipped the last flip on the November calendar and looked December right in the face—and it continues through the very last second of Jan. 1—1954. We are not alone, however, in the matter of Christmas spirit—we saw a lighted Christmas wreath in a window just last evening—and it looked very gay and festive.

Added to the Christmas wreath is more evidence that we have no monopoly on this bespangled period—in fact we should label it "Exhibit A" since we collected it yesterday—but anyway—Mr. and Mrs. Avery Forke have issued invitations for a 5 o'clock to 7 o'clock party at their home next Saturday evening—for no other reason than to get

The Brides' Book Says:

Miss Mary Ellen Slagle, whose marriage to Lloyd W. Lathrop will be an event of

Singer-Swinger Club Dance

The members of the Singer-Swinger Square Dance Club will meet for an 8:15 o'clock dance, Friday evening, at Park School. A winter theme has been planned for the party, and in charge of arrangements will be Mr. and Mrs. Clair Rickel, chairman, assisted by Mr. and Mrs. Joe Evans and Mr. and Mrs. Wade Hilligoss.

the holiday season off to a big start—Mr. and Mrs. Forke have invited 100 couples to this prelude to Christmas.

EVEN this early in the month we have news of Christmas guests—Understand that Miss Marjorie Mengshol plans to arrive from New York City to spend the Christmas season with her parents, Mr. and Mrs. J. O. Mengshol—

AND WE heard, too, that Richard de Brown also will be coming from New York City, and will be the Christmas guest of his parents, Mr. and Mrs. Frank de Brown.

FROM Chicago for the Christmas holidays will come Mr. and Mrs. Lowell Bruce Dwinell and their daughter, Jean, who will be the guests of Mrs. Dwinell's parents, Mr. and

Friday, Dec. 18, at Trinity Methodist Church, has announced the members of her wedding party.

Miss Marjorie Slagle will be her sister's maid of honor, and Miss Caroline Ross is the bridesmaid. The bridesmatron is Mrs. Warder Shires.

Lighting the candles will be Miss Mary Taylor, Omaha, and Miss Patricia Brewick, Sioux City.

Robert Lemmer will serve Mr. Lathrop as best man and the ushers are Dixwell Lathrop, brother of the bridegroom, Warder Shires, Hugh Bernard, and Donald Lees.

Re: That Bespangled Holiday Period

Mrs. Jean R. Kinder—We suspect that Mr. Dwinell will return home after the Christmas week-end—and that Mrs. Dwinell and her daughter will remain a few days longer.

ANOTHER of the home-for-Christmas guests will be Mrs. Jane Foster Gavin of Evanston, Ill., who will be the holiday guest of her parents,

HOLIDAY visitors from the west coast will be Mr. and Mrs. A. Maxwell Kilm who will spend the holiday season with Mrs. Kilm's parents,

Dental Group Meets Thursday

The members of the Lincoln Dental Assistants Association will meet Thursday evening at 7:30 o'clock, at Burnett Hall. The guest speaker, Dr. David A. Keyes, will talk on "Dental Anatomy."

Marriage Announced

MRS. THOMAS WOODROW WILSON

Announcement has been made by Mrs. Melvin R. Albert of Seattle, formerly of Lincoln, of the marriage of her daughter, Bonnie Lou, to Dr. Thomas Woodrow Wilson of Tanino, Wash., which took place on Sept. 14, in Ensenada, Mexico.

Mrs. Wilson is a graduate of Stephens college, Columbia, Mo., and now is a student at the University of Washington school of nursing in Seattle. Dr. Wilson is a graduate of Central College of Education at Ellensby, Wash., and of the University of Washington college of dentistry where he is a member of Psi Omega, professional fraternity.

Mr. and Mrs. James E. Lawrence.

SPEAKING of Christmas—and Christmas plans—The Garden Club of Lincoln is holding its annual Christmas program next Tuesday evening in the Naval Science building on the University of Nebraska campus. There will be Christmas music, and also appearing on the program is the Rev. T. R. Jones of Veterans' hospital.

Democratic Club Luncheon

The Jane Jefferson Democratic Women's Club will hold its annual Christmas party Thursday afternoon, at the home of Mrs. Arthur L. Smith, 3158 Sheridan.

Following a noon luncheon, Mrs. J. J. Hadley will talk on the trip to Europe she and Mr. Hadley made last summer. A program of songs will be presented by Mrs. C. E. Rose.

Also planned are numerous table settings in the holiday decor—and arrangements of Christmas greens for coffee and occasional tables.

Mrs. Paul Murdock is general chairman for the traditional Christmas party, and announces that the table settings will be done by Mrs. George Barney, Mrs. R. H. Benson, Mrs. H. W. Cullman, Mrs. Harold Norris, Mrs. Allen Korschmeier, Mrs. Michael Edwards, Mrs. Vaughn Yantz, Mrs. A. H. Lock and Mrs. Joseph Wishart.

WONDERED if Mr. and Mrs. Robert M. Armstrong would be going into Chicago to spend Christmas with their son and daughter-in-law, Mr.

and Mrs. James Armstrong—They aren't—but they do have plans for mid-January—a month's trip along the gulf coast—going first to New Orleans, and sauntering along from there to Florida.

HAVE SOME new names for the Doting Grandparents club this morning—it seems that Miss Suzanne Patton arrived on Monday afternoon, Nov. 30, at Bryan Memorial hospital, and in addition to her parents, Mr. and Mrs. Robert E. Patton (Elaine Seacrest) the young lady has two sets of doting grandparents—Mr. and Mrs. Jay F. Seacrest—and Mr. and Mrs. E. D. Patton—all of Lincoln.

Officer Is Guest

A guest of the active chapter of Sigma Kappa on the University of Nebraska campus is Miss Pat Schoenfelder of Denver, Colo., (seated, in the center), a traveling secretary

for the national sorority. Pictured with Miss Schoenfelder are members of the alumnae advisory board, Mrs. Kenneth B. Smith (at left), and Mrs. Sam D. Smith.

Humphrey Denies Feud With Wilson On Government Cost Cuts

Confidence In Defense Chief Told

HOLLYWOOD, Fla. (AP)—Secretary of the Treasury George M. Humphrey publicly denied Tuesday there is any feud between him and Charles E. Wilson, secretary of defense, over cutting government costs.

Addressing the 42nd annual convention of the Investment Bankers Association of America, he digressed from his prepared speech to emphatically tell a standing-room-only assemblage that he and Wilson have no differences.

"Some of the columnists have been saying there are personal differences between Charles Wilson and myself. They say Charles says he can't cut expenses and I say he can."

"It is just not true. There is no personal battle between us. We are together. I have known Charles Wilson for 30 years. We were both asked into the cabinet at the same time. We talked it over and agreed that we would both accept, or neither would. We both did."

Pearson Named
At a news conference after his speech, the treasury secretary identified the columnists as Drew Pearson "and others."

"I have the greatest confidence in Charles Wilson," Humphrey said.

The treasury secretary said the dominant problem before the American government today is to strike a balance between an indefinite period of high security costs and a healthy economy.

Security, he said, must be maintained, but it also is necessary that the economy not be weakened in doing so.

In his prepared speech, Humphrey declared that the major obstacle to a balanced budget is the fact that about 70 per cent of all governmental expenditures are for security.

"We cannot swing a broad ax in cutting these expenses if by so doing it affects the security of our country," he said.

10 Per Cent Cut Pressed
WASHINGTON (INS) — Secretary of Defense Wilson said Tuesday the defense budget for the next fiscal year might be cut by 350 million dollars and disclosed he is pressing also for a 10 per cent reduction in military manpower.

Wilson told a news conference that the Army faces a showdown by Wednesday on whether it can reduce its personnel by 10 per cent for the government fiscal year beginning July 1, 1954.

He was asked whether the 10 per cent manpower cut would apply also to new funds being requested for next year. He replied: "I don't think it will be that much, but it might."

New Deshler Fire Truck Passes Test

The officers and directors of the Deshler Rural Fire Prevention District are shown beside the new fire truck purchased by the district. The truck passed its pumping tests at Deshler Tuesday. The officers are Henry Heipman (left), vice president; Otto Hoffmeyer, president; Oscar Doering, director; and Art Albrecht, secretary-treasurer. Not shown was Fred Schiermeyer, director. (Star Staff Photo.)

Deshler's Rural Fire Fighters Get New Truck To Aid In Work

By JOHN SWANSON
Star Farm Editor

DESHLER, Neb.—The new Deshler Rural Fire Prevention District got into position to do some real fire-fighting Tuesday with the arrival of a shiny red pumper truck.

The fire truck with its 500-gallon per minute pump means that farmers in the 84 southern and western Thayer County sections which comprise the district will have the protection of the latest in rural fire fighting equipment.

Expected to cost more than \$10,000 when all the equipment is added, the new truck will be housed in the Deshler fire station with the regular Deshler fire truck. Here it will be available for both city and rural fire calls.

The truck made its first run Tuesday—from the fire station to a point southwest of here where the truck's pumps and auxiliary equipment were officially tested. Fire Chief E. H. Wolf said the truck easily met legal requirements for performance in the three-hour test.

The new equipment will strengthen an already sizable organization for rural fire fighting in Thayer County. In addition to good fire equipment in Hebron, there are rural fire districts at Alexandria and Bruning, both of which have purchased trucks.

The new truck is equipped with an auxiliary portable motor pump for use away from the truck and for drawing water from farm stock tanks and ponds. General purpose gas masks are carried with the truck along with carbon dioxide extinguishers.

Proposed Gas Bill Increase To Cost Average Home \$1.86

By BILL DOBLER
Star Staff Writer

An increase of \$1.86 will be seen on gas bills in the average five and six room home during the coldest winter months under the proposed new rate schedule from Central Electric and Gas Co.

The new rate schedule has been presented to the City Council in ordinance form and the document given first reading. A council review of the proposed firm gas rate will come before final approval of the rate ordinance on third reading.

Gas company officials stated that the maximum monthly bill during any one year for the average five or six room home using gas for space heating, hot water and cooking is about \$11.54 under the existing rate and will go to \$13.40 under the new scale. The average monthly bill for hot water and cooking alone, they said, is now \$2.92 and will go to \$3.20 under the new rate.

New Rate
The rates as now proposed by Central apply to firm gas users in the residential and small commercial class and to interruptible commercial class A customers, apartment houses. The new rate would provide Central an increase in revenue of \$574,201.45 per year.

According to Lloyd Marti, Gas Company attorney, \$510,000 of the increased revenue will be needed to meet the increased cost of gas to Central from Northern Natural Gas Company

of Omaha. Since April of 1950, said Marti, Central has experienced more than a 100 per cent increase in wholesale rates.

In the material prepared by the company for the city, a comparison of Central rates with those in other cities shows the proposed Central rate generally below that of other towns.

The average maximum monthly bill for a five or six room home in Lincoln, for example, would be from 35 cents to \$1.20 lower than it would be under the proposed new Council Bluffs rate, from 9 cents higher to 16 cents lower than in Omaha, 63 cents to 78 cents lower than in Sioux Falls and \$1.20 to \$1.45 lower than in other towns served by Central.

City Profit
The Central material also shows the city will realize a \$12,300 per year increase in the occupation tax paid the city by Central. Central has estimated its total taxes for 1953 paid to the city at \$137,756.83.

The company shows that its combined annual payroll in Lincoln for the Gas Company and subsidiary companies is in excess of \$1,257,740 for a total of 424 employees.

He Likes Music
LAUSANNE (INS)—For what it may be worth, Marcel Klaus of Switzerland holds the record for continuous accordion playing. Agence France Presse said his non-stop performance ended after 75 hours at a Lausanne bar, eclipsing the previous record by three hours.

A. A. Johnson Rites To Be Held Friday; Died In California

Funeral services for Arthur A. Johnson, 60, who died Friday in Los Angeles, Calif., will be held at 2 p.m. Thursday at Hodgman-Splain Chapel, Dr. Frank A. Court officiating. Burial will be in Lincoln Memorial Park.

Born in Pawnee County, Neb., Mr. Johnson had lived in Lincoln for many years. He moved to Los Angeles two weeks ago.

Surviving are his wife, May; sons, Dean and Robert of Los Angeles and Marion of Grand View, Wash.; a daughter, Mrs. Wilma Wohlers of Omaha; sisters, Mrs. Wilbur Lawlor and Mrs. Will Henderson, both of Lincoln. Mrs. Carrie Knowles of Beatrice and Mrs. Anna Ackerman of Pawnee City, and brothers, Ernest of Lincoln and Charles of Beatrice.

\$2,364 Damages Asked In Suit Against City

Two companion suits totaling \$2,364 in damages against Leroy Singleton and the City of Lincoln have been filed in Lancaster District Court.

One suit brought by Jeff J. East, and the other by his wife, Nellie, arise out of a car-truck collision near 14th and R on July 27, 1953.

Mrs. East seeks \$1,150 for alleged injuries suffered in the accident and her husband, \$1,214 for injuries and \$64.31 for damage to the car.

Singleton, an employee of the city, was driving a dump truck which allegedly collided with the East vehicle.

CLIPPINGS from Maison Lorenzo

Look at any lovely woman. One of the first features that you will notice about her is her hair. And, as you know, it takes a good basic hair cut to keep hair looking at its very best (especially if you take care of your own hair).

That's why Maison Lorenzo's staff is thoroughly trained in the art of hair cutting. Each is a professional who will shape your hair expertly in the style that you prefer. Whether you wear your hair long or short, curled or smooth, or in the new Italian brush cut, they are able to cut it in a flattering manner.

One that will be easy for you to care for yourself. They will also be happy to make suggestions for the proper care and management of your hair at home. And, if you like, they will offer suggestions for a becoming new style. Right now, when you want a hair style that will be smart for fall is the time to come in. We invite you to come in for a consultation at no extra cost. Haircuts start at 1.25. Phone 2-1211 for an appointment, or drop in the next time you're downtown at Maison Lorenzo, GOLD'S of Nebraska in Lincoln.

GREAT COFFEE NEWS! NOW-Folger's INSTANT!

For a New
Coffee
Taste Thrill

IT'S MOUNTAIN GROWN!

Now you'll know a new kind of coffee enjoyment. For now the Folger people have developed an exclusive new process that captures the true flavor of fine Mountain Grown coffees in wonderful new Folger's Instant Coffee.

This unique new Folger process brews your coffee for you—gives you the flavor essence of choice coffee. Then, when you add water, the rich flavor nuggets flash instantly into delicious, sparkling-clear coffee—made in less time than it takes to tell about it.

Try Folger's Instant Coffee and be among the first to discover the pleasure of coffee made this new way. You can get it at your grocer's now.

Five Reasons You'll Prefer
100% PURE
New Folger's INSTANT Coffee

1. Mountain Grown Coffee! All the superb goodness and character of the finest Mountain Grown coffee.
2. Perfect Coffee Every Time! Your fame as a cook will grow—for with Folger's Instant you'll never fail.
3. So Easy! So Thrifty! Make it quickly and neatly for your entire family—no grounds to get rid of.
4. Sparkling Clear Coffee! Folger's pure flavor nuggets give you brilliant coffee—no sediment, no drossiness.
5. True Flavor Essence! Folger's Instant Coffee is the true concentrated essence of 100% pure coffee.

Minor League Draft Mill Grinds Out 52 Choices

Trautman, Frick Hold Separate Closed Meets

By JACK HAND

ATLANTA (AP)—The minor league draft mill ground out a total of 52 selections for \$171,550 Tuesday as both commissioners Ford Frick and George Trautman, head of the minors, held closed hearings.

If the walls of the Atlanta Billmore Hotel could talk, hot stories might be popping. But only dribs and drabs of information leaked out for public consumption. Perhaps the most interesting was that Billy Herman and Jake Fitter would be back as Brooklyn coaches under Walter Alston.

Frick listened to both the New York Yankees and St. Louis Cardinals present their claims to 17-year-old Ralph Terry, a pitcher from Chelsea, Okla., and decided to investigate further on his own. According to Charley Segar, secretary of baseball, there were "many discrepancies" in the stories of the Yank and Card officials.

Terry is the youngster who reportedly signed by both the Yanks and Cards (for their Omaha farm of the Western League) on the same day Scouts

Name Goldie Hunt To Manage Pueblo

ATLANTA (AP)—Goldie Hunt, a scout for the Brooklyn Dodgers since 1950, was named manager of the Pueblo baseball club in the Class A Western League Tuesday.

The announcement was made by General Manager O. M. Hobbs of Pueblo, a Brooklyn farm club.

Hunt was a coach for Pittsburgh in 1948-50. His last managerial post was with Beaumont of the Double-A Texas League.

Hunt replaces George Pfister, who was released by Pueblo earlier.

Western League directors met Tuesday but only routine matters were discussed. No further meetings were scheduled.

No transactions by representatives of the Lincoln Chiefs were reported after the Tuesday afternoon meeting in Atlanta.

ATLANTA (AP)—Players drafted Tuesday by minor league clubs of higher classification included:

WESTERN LEAGUE
WICHITA — Pitcher Mike Horach from Terra Haute of the Three-I League.
SIOUX CITY — Pitcher Jack Anderson from Terra Haute.
OMAHA — Pitcher Don Wolf from Spartanburg, Pitcher Bob Mabe from Redville of the Carolina League and Second Baseman Santo Lebrato from Spartanburg.

PUEBLO — First Baseman Larry Russell from Evansville of the Three-I and Pitcher Rene Valdez from Juncos of the Arizona-Texas League.

NEW YORK — Shortstop Lord Lucas from Kingsport of the Mountain States League.

COLORADO SPRINGS — Center Fielder Charles Tiberghien from Green Bay of the Wisconsin State League.

DES MOINES — Pitcher John Lane from Spartanburg and Pitcher Ed Knapp from Asheville of the Tri-State.

Tom Greenwade of the Yanks and Fred Hawn of the Cards, plus a collection of brass from both sides, talked while Frick listened. He wasn't convinced.

Trautman had to call Frank Shaughnessy, president of the International League, on the carpet, at the request of the Piedmont League. Obviously the Piedmont was upset at all this talk of Richmond being into the International. The whole story, involving Havana, Springfield, Mass., and Richmond was so involved they'll be lucky to get it straightened out by opening day.

Trautman appeared in the press room, carrying a half dozen charts, to explain with graphs how the minor league picture had changed since 1949. He had told the same story to the 38 minor league presidents and representatives of the 16 major league teams at an unprecedented joint dinner meeting Monday night.

Move Falls Through

ATLANTA (AP)—Plans to move Richmond from the Class B Piedmont League to the Triple-A International League fell through Tuesday night.

Eddie Moores, owner of the Richmond franchise, spiked the proposed move when he rejected a \$200,000 offer for the franchise and his real estate property.

Look Out Below! Big Marion Hudson of Dana College heads for the deck during the Dana-Wesleyan basketball game at the Ag College gym Tuesday night. The game opened the slate of both of the Nebraska schools. Other players are Fritz Youra of Dana (left), and Wesleyan's Scotty Willoughby (34), Jerry Kroeger (back of Hudson) and Lyle Buell. (Star Photo.)

Dana Fades After Early Lead

Wesleyan Wins Opener By 70-62 Count

By BILL FITZGERALD
Star Sports Staff Member

Wesleyan welcomed Irv Peterson back to coaching duties at the Methodist school Tuesday night with a 70-62 victory over Dana in a lively game out at Ag College gymnasium.

The aggressive visitors pushed the Lincoln school all the way with 18 points and brought the contest to a fast finish.

Dana led by 7-5 and 9-7 in the first quarter, with the points divided and Hudson clearing the defensive board with leaps which put him in the air at heights approximating Moose Cooper's leaps with the bamboo pole.

Lincoln's Rich Jennings hit twice to break the early Dana lead and the slim Holland eased the pressure a little with his short shots in the second period.

Lightbody began to connect with driving lay-ups after the half and Dana slipped behind steadily, trailing once by 11 points.

Several of Red Haired Jim's shots were twisting leaps which sent him flying through the under-basket defense of Dana for important points.

Dana (62) Wesleyan (70)
Thompson 4 5-8 2 Sheary 1 2-3 3
Youra 1 1 6-8 1 Buell 1 1-1 1
Hudson 4 12 4 Hardin 1 6-3 4
Cole 2 2-0 2 Holland 7 2-4 0
Morse 1 0-3 0 Jenness 2 2-3 2
Steen 0 3-4 3 Lightbody 7 3-3 1

Top Grid Honor Won By Lattner

By LEE LINDER

PHILADELPHIA (AP)—Notre Dame's Johnny Lattner, triple-threat football, Tuesday won college football's top two individual awards for 1953—the Heisman and Maxwell trophies.

In winning the Maxwell Memorial Award, Lattner became the first player in the club's 17-year history to be named twice. The Irish star capped the honor a year ago, and he'll be back for the annual dinner Jan. 12 to be feted again.

Lattner, on the Associated Press All-America last year and a cinch to repeat again, received 1,850 votes in the Heisman Award voting to beat out Paul Giel of Minnesota.

The six-foot-one 190-pound backfield flash—a runner, a kicker and a linebacker on defense almost without peer—is the third Notre Dame player (counted twice himself) to win the Maxwell Award. In 1949 Leon Hart, now playing end for the National Football League's Detroit Lions, was the recipient.

The Maxwell Award is presented in memory of the late Robert W. (Tiny) Maxwell, former Swarthmore College star, football referee and newspaperman.

Peru Passed Up By Cigar Bowl

TAMPA, Fla. — Peru State Teachers College, Peru, Neb., was eliminated Tuesday as a possible contender in the Cigar Bowl football game on Jan. 1.

Named to compete in the annual event were the Missouri Valley Vikings, runners-up in the Missouri College Athletic Union, and LaCrosse State of Wisconsin.

LaCrosse, unbeaten in nine games this season, was chosen last week. Missouri Valley won seven of eight games.

The Cigar Bowl game is sponsored by the Egypt Temple Shrine of Tampa for the benefit of the Shrine Crippled Children's Hospital.

Minnick To Play In Blue-Gray Tilt

Jerry Minnick, three-year football letterman and co-captain of the 1953 Nebraska Cornhuskers, said Tuesday he has accepted an invitation to play in the annual Blue-Gray football game at Mobile, Ala., Dec. 26.

Minnick, a tackle, received all-conference recognition during each of his three years of college football. His home is in Cambridge.

Seward Wins Opener From Concordia, 55-32

Lincoln Star Special

SEWARD — Seward High School's basketball team got off to a good start Tuesday night by defeating Concordia 55-32.

The winners jumped off to a 12-7 lead in the first quarter and were never threatened.

Ray Sloup racked up 17 points to lead the winner's scoring, and was ably assisted by Dick Cooley with 11. Peterson was high for Concordia with 10.

Former Rivals Meet Leo Durocher (right), manager of the New York Giants, appears to have buried the hatchet as he places an arm around the shoulders of former Dodger manager Charley Dressen. The rivals of 1953 wished one another good luck as they chatted during the baseball convention. Dressen managed to grab a Brooklyn farm hand—Russell Rose, a shortstop from the Texas League—for his Oakland club. (AP Wirephoto.)

Orange Bowl Bound Maryland Crowned National Grid Champ

NEW YORK (AP)—Maryland, rated no better than ninth before the season began, Tuesday held its first national collegiate football championship.

The only major eleven to go through the season with a perfect record, the Terrapins from College Park, Md., nosed out unbeaten but once-tied Notre Dame in the final Associated Press ranking poll. The Terps, who finished 13th a year ago in the poll won by Michigan State, wound up with a 10-0 record and a berth in the Orange Bowl against fourth ranked Oklahoma.

Maryland collected 187 first place votes of a record 376 ballots and 3,365 points on the 10, 9, 8, 7, etc., point basis. Notre Dame (8-0-1) received 141 first place nominations and 3,149 points.

The Irish had been the pre-season choice to wind up as the No. 1 team.

It was only the second time since the poll was started in 1936, that Maryland was able to make the first ten. In 1951, another all-winning Maryland squad finished third behind Tennessee and Michigan State. Last year, the Terps had a 7-2 record.

The top ranking gave Jim Tatum's club the O'Donnell trophy, emblem of the college football title. The trophy, donated by the Notre Dame monogram club in honor of the late, Rev. Hugh O'Donnell, a Notre Dame player who became president of the university, is awarded annually to the No. 1 team in the AP poll.

Here's the lineup for the major bowls with rankings and records in parentheses:

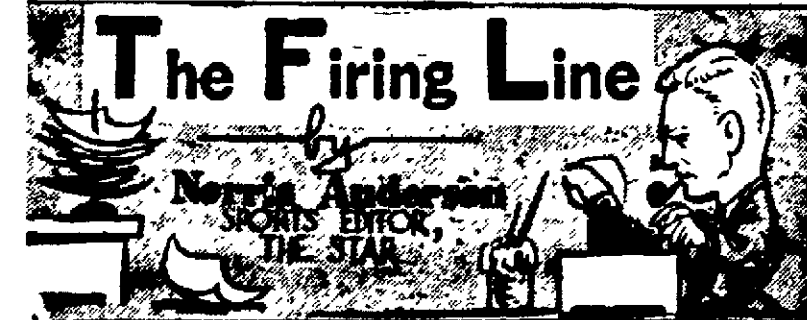

Orange-Maryland (1) (10-0) vs. Oklahoma (4) (8-1-1)
Notre Dame (2) (8-0-1) vs. Michigan State (3) (8-1) vs. UCLA (5) (8-1)
Stanford (6) (7-1-1) vs. West Virginia (10) (8-1)
Cotton-Bleu (8) (6-2) vs. Alabama (13) (6-2-3)
Calumet-Auburn (17) (7-2-1) vs. Texas Tech (12) (10-1)

The first 10 teams (first-place votes and won-lost records in parentheses):

Team	Points
1. Maryland (10) (10-0)	3,365
2. Notre Dame (11) (8-0-1)	3,149
3. Michigan State (9) (8-1)	2,706
4. Oklahoma (10) (6-1-1)	2,581
5. UCLA (1) (8-1)	2,507
6. Stanford (1) (6-2)	1,958
7. Illinois (7-1)	1,248
8. Georgia Tech (9-2-1)	1,248
9. Iowa (10) (5-5-1)	876
10. West Virginia (10) (8-1)	852

Others receiving more than 100 points: Tennessee (11), Texas Tech (12), Texas Tech 244; 13. Wisconsin 209; 14. Army 224; 15. Wisconsin 209; 16. Michigan (12) 185; 17. Auburn 119; 18. Duke 102; 19. Stanford 41; 20. Michigan (1) 35.

Others receiving more than 10 points: Cincinnati, Minnesota, Southern California, Penn State, Mississippi, Tennessee, Baylor.

As long as time has a bit of sand left, good Irishmen like Charles Connelly and Lum Doyle of Lincoln and citizens of Iowa will be disputing Notre Dame's alleged injuries in the recent 14-14 tie with the Hawkeyes.

Bill Shakespeare, the Old Bard, was even brought into the dispute by the Indianapolis papers. Here's how Willy would have put it:

DRAMATIS PERSONAE
Francis William Leahy, a Notre Dame football instructor.
Evansevski, his rival from Iowa.
Guglielmi, Leahy's first lieutenant.
Daniel Shannon, an Irish second baseman.
Frank Palumbo, a Leahy member.
Shannon Palumbo, messenger for Leahy.
Robert Starnes, messenger for Evansevski.

Scene, a fallow field on the Notre Dame campus.

ACT I
Leahy: Woe is me. O' woe, O' woe is me. Look yonder at the lists and see how the day goes.
Miller: The times are evil, m'lord. Those Western men are stout and steady. They have us 14-7 and the shadows deepen.
Leahy: 'Tis a black Saturday for the Green and Gold. Alas! Is there time left?
Miller: The tower clock tolls 2:06, m'lord. The Western men have kicked to us. Methinks it's Worden with the ball. HE'S LOOSE! O, no, good master, they have nailed him at midfield, or short of it by seven. This day, indeed, is sad.
Leahy (sorrowfully): All is lost, lost.
Guglielmi (shouting to Lattner): Get lost! (Aside to Heap) You throw it. I think my arm is ailing or my aim is erring.
Leahy (watching the action): Heap's hit his man, all right. That's Lattner with the ball on Iowa ground. Had not that hulky Hilgenberg come up at the 46 we would have had a score. Our men have asked for time. Good, there is yet a chance. MR. PALUMBO!
Palumbo: Yessir?
Leahy: Get in there for Varrichione. Tell Ralph we'll settle for a tie. There's 1:15 to go. Enough, enough.
Palumbo (rushing in): The master says to settle for a tie. Guglielmi: A tie! Only a tie? We've time for two more scores. Begone! No, stay, but keep your head. I think I'll throw a few.

Oklahoma's Roberts Named At Guard

Big Ten Dominates All-Western Team

By JERRY LISK
CHICAGO (AP)—Notre Dame and the Big Ten dominated the 1953 All-Western football team selected Tuesday by The Associated Press for a far-flung area embracing three major conferences and top independents.

Notre Dame's Fighting Irish led the eight schools which won first-team berths by placing three players—halfback Johnny Latner, tackle Art Hunter and end Don Penza.

Latner was bracketed with one of the most illustrious backfields ever produced in the Midlands, also including Minnesota's Paul Giel, Illinois' J. C. Caroline and Wisconsin's Alan Ameche.

Along with Giel, Caroline and Ameche, the Big Ten also was represented by Michigan State's Don Dohoney at end; Ohio State's George Jacoby at tackle; Iowa's Calvin Jones at guard; and Iowa's Jerry Hilgenberg at center.

The Big Seven got the 11th spot, filled by Guard J. D. Roberts, of Oklahoma's champion Sooners. The third major loop surveyed, the Missouri Valley

Conference, won the two third team berths with Buddy Gillis of Houston and Dale McInerney of Oklahoma A&M.

Giel was named to the honor team for the third straight year, last season being selected on the offensive unit with Jacoby and Ameche. Latner, a defensive choice last year, is the fourth repeater.

The All-Western teams:

FIRST TEAM

Ends—Don Dohoney, Michigan State, and Don Penza, Notre Dame.

Tackles—George Jacoby, Ohio State, and Art Hunter, Notre Dame.

Guards—J. D. Roberts, Oklahoma, and Calvin Jones, Iowa.

Center—Jerry Hilgenberg, Iowa.

Backs—Paul Giel, Minnesota; Johnny Latner, Notre Dame; J. C. Caroline, Illinois; and Alan Ameche, Wisconsin.

SECOND TEAM

Ends—John Egan, Illinois, and Bob Topp, Michigan.

Tackles—Strayton Canales, Minnesota, and Roger Nelson, Oklahoma.

Guards—Jan Smid, Illinois, and Tom Bell, Purdue.

Center—Jerry Helgeson, Minnesota.

Backs—Ralph Guglielmi, Notre Dame; Leroy Bolden, Michigan State; Larry Grigg, Oklahoma; and Neil Worden, Notre Dame.

THIRD TEAM

Ends—Gary Knafiec, Colorado, and William Fenton, Iowa.

Tackles—Nelson Gillies, Houston, and Dale McInerney, Oklahoma A & M.

Guards—Ferry Hallmark, Michigan State, and Ray Lemek, Notre Dame.

Center—Kurt Burris, Kansas State.

Backs—Vern Switzer, Kansas State; Ron Dzwicki, Marquette; Bob Watkins, Ohio State; and Bob Bauman, Missouri.

StateTrade School Slates 18 Games

Lincoln Star Special

MILFORD—An 18-game slate for the 1953-54 basketball season has been announced for the Nebraska State Trade School.

Coach Robert Eicher is looking for an improved season, with five lettermen back. The lettermen are Tony Pitkin, Callaway; Jack Rippe, Ohio; Gene Nichols, Fairmont; Wayne Smith, Minneapolis; Kas, and Darrel Stromer, Juniata.

The schedule:

Dec. 2—Lincoln Naval Air Station, 3—at Concordia, 8—at Fairbury, J. C. 10—Luther, 12—at Wesleyan B. 14—at McCook J. C. 15—at McCook, J. C.

Baron Shows Style In Beating Meyers

Baron Leone stepped out of the television world long enough to display his flowing tresses and wrestling ability to a pretty fair crowd of mat followers at the Fairgrounds Arena Tuesday night.

The squarely-built chap who admits to a royal Italian heritage used his neck stretcher successfully on St. Joe's Sonny Meyers and copped two out of three falls in another defense of his world junior heavyweight championship.

This junior heavyweight did chin-ups with Missouri Sonny's body, the democratic Baron using his own shoulder as the bar on which to stretch Meyers' non-royal body.

Mike DiBiase took care of Frenchman Maurice Roberre with two straight body presses. The Memorial Stadium tackle of a few years ago demonstrated some of the mat ability he exhibited on the Big Seven canvas in his championship college days.

Big Bearcat Wright worked to a draw with tough-looking Danny Plechas in the opener as Jerry Adams did the watchdog work.

Lincoln's Mr. Wrestling, Adam Krieger missed his first show in 20 years, but Mrs. Krieger was present to see that the show came off in the traditional orderly fashion.

Elmwood Wins, 50-40

AVOCA—Merle Backemeyer went on a scoring rampage here Tuesday night to lead Elmwood to a 50-40 victory over Avoca.

Backemeyer dunked 12 field goals and added a pair of free throws for a total of 26 points, 10 more than Wayne Wessel scored in leading Avoca's attack.

Elmwood. 13 7 21 9-50
Avoca. 13 11 10 6-40

Pawnee City Winner Over Table Rock, 45-26

Lincoln Star Special

PAWNEE CITY—Lowell Johnson rucked up 18 points to lead Pawnee City to a 45-26 romp over Table Rock Tuesday night.

Johnson scored on eight field goals and two free throws. Knox was second high for the winners with nine, while Harris led Table Rock with 11 points.

Eighteen men from the Pawnee City squad saw action in the game.

Table Rock. 5 5 5 11-26
Pawnee City. 18 18 10 14-45

Secret Of U.S. Proximity Fuse May Have Been Stolen

Probers Disclose A 'Mr. X'

WASHINGTON (AP) — Senate investigators disclosed Tuesday that in 1945 the FBI identified a war-time scientist in the office of Fleet Admiral Ernest J. King as a "Soviet Agent" who may have stolen secrets of the hush-hush-proximity fuse.

A hitherto secret portion of an FBI report on Soviet espionage, released by the Senate Internal Security Subcommittee, said the identification was made possible by Igor Gouzenko, former code clerk in the Russian embassy in Ottawa, Canada.

The subcommittee cut the scientist's name and identified him only as "X."

The report described Mr. "X" as a native-born American citizen who specialized in zoology, went to work for the war-time Office of Scientific Research and Development (OSRD) and was assigned as a scientific consultant to King. As commander-in-chief of the U.S. fleet and chief of naval operations, King was the highest officer in the Navy.

Spying 'Possible'

Information developed by the Royal Canadian Mounted Police, the report said, "indicated it is possible that Mr. X" slipped secrets of the proximity fuse to Dr. Allan Nunn May, British scientist and confessed Soviet spy stationed in Canada during the war.

May went to jail after admitting to British authorities in

Oratory Winner Gets Scholarship

Jack Ballard (second from right), Northeast High School senior, was awarded a trophy and \$100 college scholarship as first prize in the Lincoln Junior Chamber of Commerce "I Speak For Democracy" original oratory contest. Other winners of awards presented by Mayor Clark Jeary at a Jaycee luncheon Tuesday were (at left) JoAnne Jensen of North-

east High School, third place winner, and Dick Shugrue, Cathedral, who placed second. The 83 entrants recorded their speeches and a Jaycee committee headed by Harold L. Vermaas (far right) judged them from the recordings. The recording of Ballard's winning speech will be entered in regional and state contests. (Star Photo).

1946 that he had supplied Russia with information on the fuse and on the atomic bomb, along with samples of uranium, the principal ingredient of the A-bomb. The fuse, which explodes shells when they near their targets, was almost as great a secret as the A-bomb.

The FBI report was a 71-page document dealing in general with Russian spying in this country. It already has figured prominently in the senatorial Harry Dexter White case.

Quiz May Be Dropped

LOUISVILLE, Ky. (AP) — The chairman of a Senate Internal Security Subcommittee indicated Tuesday it probably will drop plans to question Igor Gouzenko, a former Russian embassy code clerk who told about an atomic spy ring.

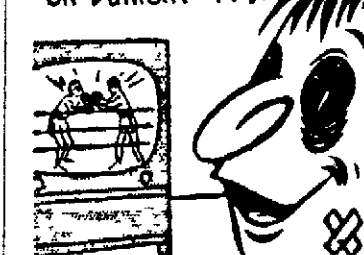

"I don't want him to testify if he feels it will endanger him and his family," declared Sen. William E. Jenner (R-Ind) during an interview at Standford Airport.

Jenner was en route to Washington, where the subcommittee is slated to discuss the Gou-

Czech Steel Mill Bought

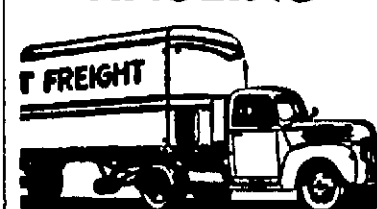

BUENOS AIRES, Argentina (AP) — Argentina announced Tuesday the purchase of a steel mill owned by Communist Czechoslovakia but held in the United States under government embargo. Argentina, which badly needs steel, agreed to take the mill in part payment of a debt owed her by the Czechs. The price was announced here as \$3,750,000 pesos which would amount to \$6,700,000 to \$18,000,000, according to the exchange rate applied to the pesos involved.

Tavern Papers

Incorporation papers were filed with the Secretary of State Tuesday for the Off Beat Tavern Inc. of Omaha. Frederick S. Cassman and Jacqueline Tucker were listed as incorporators of the \$25,000 firm.

COULD YOUR DOG PASS AN EXAMINATION FOR LIFE INSURANCE

... If he were human?

65% CANNOT!

HE CAN — if fed exclusively on Ideal

Here's shocking news to you dog owners who believe your dogs are well fed:

Authoritative scientific studies just released by a famous clinician* prove conclusively that over 65% — 2 out of 3 — of all dogs lack stamina and resistance to disease because of inadequate or poorly balanced diets. These dogs actually are undernourished!

PROOF that Ideal is the Completely Balanced Food: In another series of studies*, over a period of many years, involving some 200 dogs fed exclusively on Ideal Dog Food, not one of these dogs had any disease experience... and all proved to be completely nourished and healthy.

(*by one of America's leading nutritionists).

Your dog will be more vigorous and healthy on Ideal Dog Food, too. Made by Wilson and Co., one of America's largest and finest Meat Packers, Ideal is compounded like a prescription... is laboratory controlled and Government Inspected every step of the way. Each ingredient is in exact balance for nutritional sufficiency. Ideal supplies all the minerals... all the vitamins... all the balanced proteins of a complete 7-Course Meal—everything needed for improved vigor, eyes, coat and skin in your dog or cat. Start feeding Ideal today.

Nehru, Nixon To Hold Vital Conference

NEW DELHI, India (U)—Prime Minister Nehru and Vice President Richard Nixon disposed of diplomatic niceties in an official visit Tuesday. Wednesday they get down to gloves-off discussions which may determine the future relations of the United States and India.

Nehru met for 20 minutes with the American vice president at the foreign ministry. The Indian leader said it was "a very good meeting indeed." But it was obvious to everyone who watched the two figures move through this inter-hemisphere drama that they were only following protocol and making the proper polite moves before starting long, tough talks over barriers to complete understanding between the two nations.

Observers here predicted the Korean deadlock and Indian contention over possible U. S. arms aid to neighboring Pakistan would be the main topics. What else they will discuss will depend on their own desires—both men have said they had no agenda planned.

Nehru beamed happily at a reception given the Vice President and his wife, Mrs. Pat Nixon, by India's vice president, Sarav-

palli Radhakrishnan, at the presidential house.

"We are meeting at least twice tomorrow—once before dinner, then at dinner," the prime minister said.

The Nixons walked through double lines of scarlet-coated presidential guards armed with long lances to reach the ballroom. There they shared the receiving line with Vice President Radhakrishnan and welcomed top Indian leaders and diplomats.

They joined Nehru and Radhakrishnan in watching the ceremonial entrance of President Rajendra Prasad with an escort of colorful lancers.

As President Eisenhower's representative, Nixon laid a wreath at the funeral grounds of Mohandas K. Gandhi.

He shook hands with the U. S. embassy staff members and their families and urged them: "Act as unofficial ambassadors, each and every one of you, to cement our relations with India, a country with which it is essential we have the closest relations—economic and every other way."

Nebraska Nurses Asked To Support Honesty Campaign

OMAHA (U)—Gov. Robert Crosby has asked Nebraska nurses for their backing in his campaign for truthful personal property tax returns.

Crosby suggested a "reasonable degree of honesty in sharing the tax burden." He spoke before District 2 of the Nebraska State Nurses Association.

Hanna Schmidt, Dodge County Hospital, Fremont, was among new directors chosen by the association.

Phone Request OK'd

Northwestern Bell Telephone Company's request for permission to revise its mobile service tariff was approved Tuesday by the Railway Commission.

New Vehicle Tax Setup Giving County Headache

... Commissioners OK More Help

Lancaster County Assessor Arthur Davis asked for and got four additional temporary employees to speed processing of an estimated 46,000-50,000 motor vehicle tax notices for mailing by Dec. 28.

Davis told the Commissioners that "only about 16,000 have been done with some 30,000 to be done by the deadline."

"Normally this is the season to pick up loose ends in assessment work, but this load of motor vehicle notices is holding up everything," he said.

He estimated the new motor vehicle tax law would result in \$8,000-10,000 additional expense for his office during the coming year.

"This new law (motor vehicle tax) is going to be a headache," said County Treasurer C. E. Berg. He estimated his office would require four or five additional employees to handle motor vehicle tax payments after Jan. 1.

The Commissioners approved the additional help who will work in the assessor's office during December and then in the treasurer's office beginning in January.

Previously, the motor vehicle tax was included in the personal tax notice mailed out by the county treasurer.

Under the new law, the tax computation is done by the assessor, who with the treasurer must keep an extensive record of assessment and payment for possible tax credits or refunds to owners who buy and trade motor vehicles during the tax year, beginning Jan. 1, 1954.

NU Law Group To Enter National Moot Court Meet

The three-member University of Nebraska College of Law team will enter the National Inter-Law School Moot Court competition in New York City on Dec. 17.

Team members Eleanor Knoll of Omaha, William Grant of Columbus and Ronald Hunter of Lincoln—will argue against representatives of the Loyola University school from Los Angeles in the first round.

Sixteen teams are entered in the competition. The winning school will receive \$500 for its own Moot Court program plus a cup. The students will be awarded law books by legal publishing companies.

The Nebraska threesome recently won the regional competition at St. Louis.
